HOMECREST[™]
OUTDOOR LIVING

Mix & Match QUICK SHIP

This Factory In-Stock Quick Ship Program is available year-round to all authorized Homecrest Dealers. Homecrest's Quick Ship Program ships within five working days and consists of top selling products, fabrics and frame finishes. When ordering, use the model number listed which begins with a "Q" to indicate Quick Ship product shipment.

QS IS FOR QUICK SHIP
Keep an eye out for the QS - these pieces are available on our Quick Ship program.

CUSHION & SLING SEATING

Versatile, comfort and quick delivery are all great reasons to take advantage of Homecrest's quick ship program. Choose sling dining, relax with our cushion chat or choose both as they will coordinate in your outdoor space. Enjoy relaxing outdoors in a flash!

FIRE PIT & TABLES

Looking to entertain, dine outdoors or relax by the fire? Choose from Homecrest's quick ship fire pit and table products. Featuring our Timber, Stonegate and new Breeze collections.

FABRICS & FINISHES

We've hand selected some of our best sellers in both cushion and sling materials and matched them with our customer favorite frame finish to give you a great look for your outdoor furniture.

HICKORY

Need help visualizing these options? Visit the Interactive Design Center at design.homecrest.com to create the look that fits your style!

Colors are representations, please refer to an actual sample.

Homecrest DESIGN TIP

Looking for some way to enhance your outdoor space? Try adding a pop of color. For example, Indigo is a refreshing and trending color. By adding Indigo outdoor pillows and accessories throughout your outdoor space, you'll create an updated look with minimal cost!

FEATURED:
Elements High Back Dining and Swivel Rockers in Sahara fabric around a 42" x 62" Stonegate Boulder Dining Table. All pieces in Hickory finish.

SEATING

Enjoy relaxed comfort and outdoor style with furnishings from Homecrest's Cushion collections. These durable cushions provide a comfortable retreat, inviting you to relax and spend time in your favorite chair. Our quality-crafted cushions have simple and clean seams, with comfort that extends to our luxurious Sling collections. Homecrest's innovative, cushionless Air collections are functional and feature memory stretch Sensation fabrics for unmatched comfort. The Homecrest double layer sling has been a consumer favorite for decades, offering unsurpassed comfort and exceptional longevity. Homecrest Woven is available on all Sling dining collections and features high-quality resins woven around both sides of our ergonomically shaped aluminum frames for strength, durability and unprecedented woven comfort.

CUSHION & AIR

Whether traditional, transitional or contemporary in design, Homecrest's Deep Seating collections are beautiful and incredibly comfortable. We use innovative techniques and top-quality materials to ensure that beauty and comfort lasts for decades. Continue reading to learn more about our deep seating technologies and how our manufacturing processes assure outstanding longevity of every frame and cushion we create.

Homecrest Airo² seating series features the appearance and comfort of a deep seating lounge chair, in a no-fill material, "cushionless" construction. Luxurious Sensation sling fabric is used for the ultimate in low-maintenance comfort, while also featuring benefits such as exceptional shape retention and surface memory.

SLING & WOVEN

Available in 
WOVEN

Our luxurious Sling collections and our popular Homecrest Woven options add relaxed elegance to any patio, pool or fireside. The Homecrest double layer sling has been a consumer favorite for over four decades, offering unsurpassed comfort and exceptional longevity. Homecrest Woven is available on all Sling dining collections and features high-quality resins woven around both sides of our ergonomically-shaped aluminum frames for strength, durability and unprecedented woven comfort.

For over 60 years, our business has been built upon the quality and reputation of our patented double layer sling dining pieces. As the creators of the industry's first swivel rocker, we take pride in the widely-respected comfort and longevity of our sling and woven dining pieces. As you read ahead, you will learn about the materials and processes that have been the building blocks of our success over the last six decades.

AIRO²

SLING | ALUMINUM

Designed for ultimate versatility, this sophisticated transitional collection of modular pieces has transformed deep seating. Airo² takes the traditional outdoor cushion and turns it into a sling that has the look of a deep seat without any inner cushion material, giving the feeling of sitting on air. Airo² is virtually maintenance-free, fast-drying and comfortable. This patented technology is available exclusively by Homecrest and is ideal for both residential and commercial.

BELLAIRE II

CUSHION | ALUMINUM

Taking inspiration from the 1960s Homecrest B99 chair and the popular Eames chair, the Bellaire II seating collection keeps comfort and style at its design's forefront. The retro-inspired Bellaire II mimics the curvaceous design elements of these two classics and brings a contoured design that cradles you in unprecedented comfort. This seating collection achieves the ultimate comfort with a layering of outdoor materials, creating the right balance of support, style and comfort. Bellaire II is available in all of Homecrest's frame finishes and cushion fabrics.

GRACE CUDDLE - PAGE 30
This generously proportioned seating piece is available in swivel or stationary and is complemented with two matching arm pillows.

GRACE LOW BACK DINING CHAIR - PAGE 36
The contemporary style of the Grace dining frame, paired with Homecrest's exclusive Sensation fabric, creates a uniquely comfortable dining option.

GRACE AIR SWIVEL CHAT CHAIR - PAGE 34
Chic and stylish, all Grace modular and independent units are now available in the "Air" seating option. The look and feel of a full cushion with "no-fill material" is now available for modular and independent pieces.

GRACE AIR CORNER UNIT - PAGE 34
Corner accessory tables are available in either Stonegate color options, or Made Dryx tops. Choose from a 16-inch or 20-inch table, which both feature lower-level shelf storage.

GRACE

CUSHION | ALUMINUM

Bring the indoors outside with the clean lines and soft sophistication of Grace. Chic and stylish, Grace provides the perfect venue for dessert and cocktails after the show, yet is unbelievably deep and cozy. Grace also beckons you to curl up with a book and blanket to while away a lazy Sunday. Unleash your inner designer and select complementary fabrics for back upholstery and seating fabrics, or embrace simplicity with a neutral palette. The options are endless and the design is timeless with Grace.

PRODUCT FEATURES

Grace is constructed with 4-inch heavy wall aluminum extrusion arms and 10-inch foam core inserts that are wrapped in moisture-resistant ticking. The back is engineered with a multi-media cushion for added comfort. To achieve the ultimate in comfort, the Cuddle Chair, Sofa and Loveseat feature low side arm pillows, constructed in the same fabric as the cushion.

PRODUCT FEATURE

The AlumaRoc™ features precision-bent aluminum springs that are connected to an aluminum plate and post, which provides a smooth swivel and rock motion. The slots in the top of the spring allow for the undercarriage to move forward for a firmer rock and backwards for a softer rock. The AlumaRoc has been tested to exceed one million rock cycles and is made completely of aluminum.

LANA

SLING & METAL | ALUMINUM

Lana means afloat, calm as still waters, which also defines the soft, relaxing motion you will feel in this fresh and stylish spring base collection. The Spring Base Dining Chair is the perfect fit for conversation around a fire table, paired up on a porch or as a dining option. The Spring Base Lounge is generously proportioned and positioned for relaxation. Designed with support to easily enter and exit the piece, it is perfect for a relaxing nap or a good book. Made of aluminum, Lana is available in Sling, Padded Sling, Homecrest Woven, Slat and Mesh seating options.

LIBERTY

CUSHION | ALUMINUM

Liberty's timeless design and unparalleled comfort will enhance outdoor spaces for generations to come. Create an environment of relaxation and serenity with a full complement of deep seating pieces.

The Liberty Barrel Chair is an iconic introduction, hearkening back to early days in Homecrest's history. This richly updated piece features the wraparound comfort of our traditional barrel chair and the unsurpassed comfort of Homecrest's industry-leading coil spring swivel rocker. As a front porch vignette for two, or elegant dining for a crowd, the Liberty Barrel Chair will create an engaging ambiance that celebrates the past and the future.

HOSPITALITY & METAL

Fashion meets utility in Homecrest's Metal collections. Our Mesh, Slat and Café collections are equally suited for commercial applications and residential spaces where scale, stackability and care-free maintenance are top priorities. Surprisingly comfortable, even without a cushion, these ergonomically designed frames stand up to extreme weather, stack for convenient storage and security and wipe down with a cloth for the optimum in maintenance-free outdoor living, even when in rigorous use.

PRODUCT FEATURE

Homecrest has taken the 37XX Series dining table base to new heights. A lift kit has been created to raise all Natural Series dining tables an additional 1.75-inch in height, changing the table height from 27.5-inches to 29.25-inches. This new height will other chairs to be paired with a Homecrest Natural Series dining table. To achieve this new height, order the lift kit using the model number KIT175.

FIRE TABLES & ACCESSORIES

Embracing one of the hottest trends in outdoor living, Homecrest is proud to be an industry leader in outdoor fire tables. Available in coffee, chat, dining and balcony heights, Homecrest fire tables offer a powerful 60,000 BTU burner and come standard with 20 lbs of fire jewelry, as well as secure key and match-throw ignition. This incredible heat will extend your outdoor season and add ambiance to your outdoor space.

Turn up the heat and light up the night with Aurora. These stunning tables use Homecrest's Icon Table Series, achieving a look that is remarkably high-design while retaining all of the strength and weather resistance you have come to expect from Homecrest. Available in 19-inch coffee and 24.5-inch chat table heights with a powerful 60,000 BTU burner, Aurora's beauty will create an atmosphere of relaxation and conversation. Infinitely customizable, choose from three unique table surfaces in a variety of finishes, shapes and sizes, select any Homecrest frame finish for your base and side panels (Duo-Tone available), and mirror design elements of your outdoor space by selecting from a wide variety of shimmering fire jewelry.

- STEP 1:**
Select a Height
- STEP 2:**
Pick a Frame Color
- STEP 3:**
Choose a Table Top
- STEP 4:**
Select Fire Jewelry
- STEP 5:**
Choose a Cover
(Optional)

POPULAR FRAME & TABLE TOP COLOR COMBINATIONS

The Aurora fire pit base is available in a single frame finish or with contrasting side panels (Duo-Tone). When ordering and selecting the Duo-Tone option, list the frame color first followed by the panel color. If a second color is not listed, the fire pit will be painted in the single frame finish (i.e. Frame: Flint/Side Panels: Onyx). Suggested options are shown below.

Frame: Sedona
Side Panels: Cognac
Top: Quartz

Frame: Flint
Side Panels: Onyx
Top: Mica

Frame: Flint
Side Panels: Flint
Top: Ivory Marble

Frame: Flint
Side Panels: Flint
Top: Mica

Frame: Shale
Side Panels: Shale
Top: Quartz

Note: All fire tables come standard with a stainless steel black powder coated bowl and 20 lbs of fire jewelry with your choice of one or two colors. View fire jewelry colors and additional accessories on page 95. The 19" coffee fire pit requires a horizontal tank that is sold separately. Use model number 005269 when ordering.

PRODUCT FEATURE

The Aurora Natural Series and Mode rectangular fire tables feature a required fire burner riser. The riser elevates the burner to reduce the surface temperature on the fire pit top.

LUNAR ALUMINUM

The Lunar fire pit fits the market's demand for greater value, durability and a generous octagonal top. This unique all-aluminum fire pit features an embossed leather texture top and side panels, an enhanced 3-inch apron depth, vented corners to prevent moisture retention and a match-throw fire start. The Lunar fire pit is designed for color customization (Duo-Tone), allowing one to select a complementing or contrasting frame finish for the side panels.

MODE ALUMINUM

Complementing the sophisticated Mode table collection, we are pleased to introduce Mode fire pits. With all of the luxury features that come standard with all Homecrest fire tables, Mode features a floating Onyx aluminum rectangular top. Available in 19-inch coffee and 24.5-inch chat table heights with a powerful 60,000 BTU burner, the amazing heat will extend your outdoor season while Mode's contemporary design creates an atmosphere of relaxation and conversation. Customize your Mode fire pit by selecting any Homecrest frame finish for your base and side panels (Duo-Tone available) and mirror design elements of your outdoor space by selecting from a wide variety of reflective fire jewelry.

HOW TO ORDER YOUR FIRE TABLE

- STEP 1:** Select a Height
- STEP 2:** Pick a Frame Color and Side Panel Color
- STEP 3:** Choose a Table Top
- STEP 4:** Select Fire Jewelry
- STEP 5:** Choose a Cover (Optional)

Note: Visit pages 98-109 to view detailed photos showing color and texture of each Natural Series table top listed above. All fire tables come standard with a stainless steel black powder coated bowl and 20 lbs of fire jewelry with your choice of one or two colors. View fire jewelry colors and additional accessories on page 95. The 19" coffee fire pit requires a horizontal tank that is sold separately. Use model number 005269 when ordering.

PRODUCT FEATURE

Our reflective fire glass is more vibrant, more brilliant and cleaner than almost every other brand in the industry. Our unique method of producing fire glass reduces the amount of fine glass powder created during the more-popular tumbling process used by most companies in the industry. By reducing fine glass powder, this method positively affects the performance of your burner and brings out the brilliance of your fire glass. Our jewel-like glass crystals will last a lifetime without burning, melting, emitting toxic fumes or discoloring. Each Homecrest fire table comes with two bags of fire jewelry. Select from our modern, versatile assortment of colors and illuminate your outdoor space.

OUTDOOR TABLES

From aluminum to resin, glass to copper, Homecrest continues its long history of innovation in outdoor table technologies. Turn the pages to see breathtaking styles reflecting natural stone, natural wood and cultured marble (to name just a few) used in applications from occasional tables to balcony height tables. Whether glass, metal or resin, Homecrest tables are structurally engineered to be used year-round in even the most demanding settings and are artistically designed to be a tasteful and welcoming feature in beautiful outdoor environments.

MIX & MATCH

Homecrest tables are extremely versatile. Mix and match metal or glass occasional, café, dining, balcony and bar tables (shown on pages 110 to 125) with Natural Series occasional, dining and balcony tables (shown on pages 98 to 109) for an eclectic look!

HAMMERED METAL NATURAL SERIES

Authentic design and attention to detail is at the forefront of our Hammered Metal table tops. Each top is handcrafted to replicate the look of natural hammered pewter and copper without the fuss and maintenance of raw natural metals. Available in both Copper and Pewter finishes, these gorgeous tables bring warmth and beauty to outdoor spaces.

STONEGATE NATURAL SERIES

The Stonegate collection captures the richness of granite without the expense and maintenance of the natural material. With a deep 2-inch profile and straight-edge finish on our casual and dining tables, the clean simplicity of Stonegate's styling adapts it to a wide range of design applications, whether traditional or contemporary, residential or commercial. Stonegate is a popular fire table top option in Homecrest's Valero and Aurora collections.

PRODUCT FEATURE

Homecrest Dockside tables come with a coordinated metal umbrella hole plug. Refer to the product specifications to confirm that your table comes with or without a hole.

DOCKSIDE DUO-TONE OPTION

The base is available in a single frame finish or with contrasting inset center slats. When selecting the contrasting option, list the frame color first followed by the slat color. If a second color is not listed, the Dockside table will be painted in the single color.

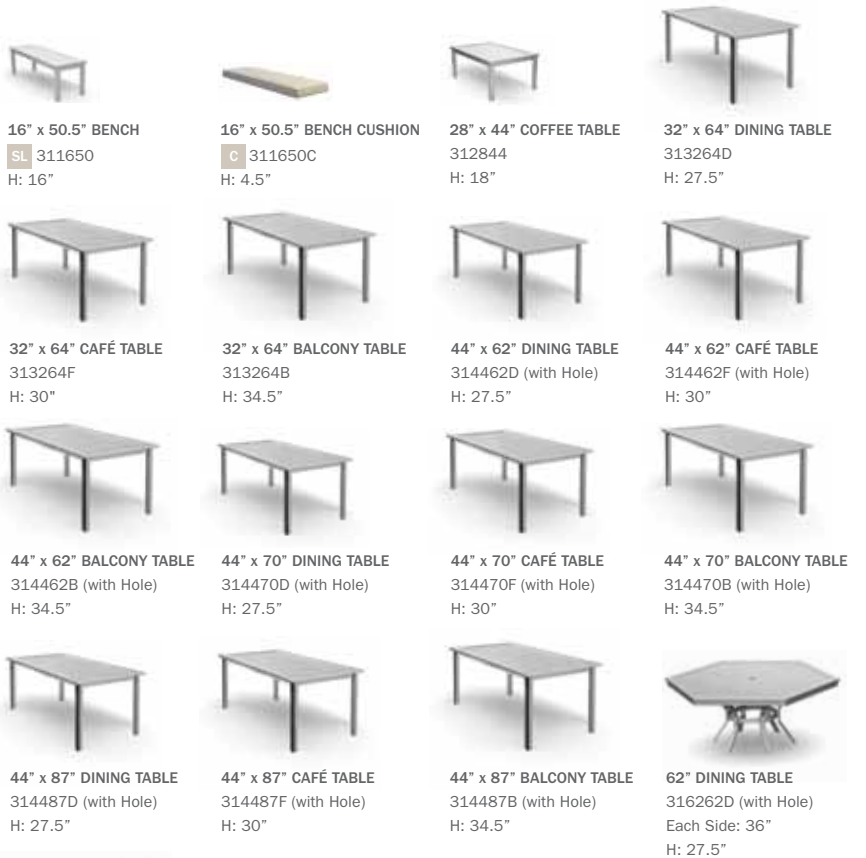

DOCKSIDE ALUMINUM

Homecrest Dockside tables feature clean, sleek styling in a tough, all-aluminum construction. Available in dining, occasional and balcony heights, Dockside offers a wide array of square, hexagon and rectangular table sizes, as well as attractive bench options. This popular collection also features Homecrest Duo-Tone, allowing customers the option to select contrasting finishes for the frame and interior slats at no extra charge.

WHY HOMECREST?

NATURE'S APPEAL

Healthy outdoor living means protecting the environment. Today we're interested in ecologically friendly designs and products. Sturdy, durable outdoor furniture with a long lifespan is more appealing than "disposable" furniture meant to last only a few seasons. Just ask around, Homecrest customers are well aware of the longevity of our products. Many consumers have Homecrest furniture that is over 30 years old and are still using it with great satisfaction. Replacement slings and cushions are also available to extend the life of your Homecrest furniture. Just visit your local dealer to order replacement slings, cushions, paints, parts and more or visit www.homecrest.com.

Whether you are updating your look with new cushions or slings or simply need to replace a misplaced component, Homecrest is pleased to offer a wide range of replacement slings, cushions and parts for pieces and collections we have sold over the decades. Even if a product is discontinued, chances are excellent we will have a replacement that you need. For more details, please visit our website at www.homecrest.com/replacements or visit your nearest authorized retailer.

OUR FRAMES WITHSTAND THE TEST OF TIME

Our aluminum and steel frames go through an extensive process that cleans the raw material from any foreign debris and prepares the surface of the frame for quality adhesion during the next finishing step. Homecrest's state-of-the-art, eco-friendly finishing department uses an Aquence Autodeposition primer coat technology for all steel collections. Steel components are completely submerged in the Aquence primer to coat both the outside and the inside of the components. The Aquence primer coat is then baked on and the steel piece moves on to receive a baked-on polyester powder coat finish. After passing through a six-stage process, the aluminum frames receive the same baked-on polyester powder coat finish, which provide a durable finish for many seasons.

MADE IN THE USA

With its Made in America quality and comfort, its design, innovation and incomparable styling, fabric and finish options, Homecrest outdoor furniture is proud to be an iconic American brand that continues to be designed, engineered, and manufactured in the USA. Homecrest customers are well aware of the longevity and quality of our products, and we are known for comfort and durability. Many consumers have had Homecrest outdoor patio furniture for over 30 years, and they still use it with great satisfaction.

DEEP SEATING CUSHION COLLECTIONS

Whether traditional, transitional or contemporary in design, Homecrest's Deep Seating collections are beautiful and incredibly comfortable. We use innovative techniques and top-quality materials to ensure that beauty and comfort lasts for decades. Continue reading to learn more about deep seating technologies and how our manufacturing processes assure outstanding longevity of every frame and cushion we create.

The DreamCore™ cushion core begins with **High Resilient** furniture grade foam for the interior of the cushion. High Resilient foam provides exceptional durability and longevity, while offering an outstanding level of comfort. Unlike Viscoelastic foam (memory foam), the cell structure of High Resilient foam is less uniform and more random than conventional foams, creating a stronger structure, excellent elasticity and increased supporting force, thereby providing support, resilience and ultimately, unparalleled comfort.

GRACE MODULAR

With a wide selection of modular units in different orientations and sizes, Grace can be scaled to your space, and pieces can be freely moved to suit the needs of the moment. Perfect for entertaining and yet beautifully suited for quiet relaxation, the luxurious comfort of Grace Modular combines with elegant styling and exceptional utility to create a welcoming atmosphere of gracious outdoor living.

LIBERTY

Drawing inspiration from the beautiful craftsmanship of an earlier era in our country's history, Liberty's timeless design and unparalleled comfort will enhance outdoor spaces for generations to come. Create an environment of relaxation and serenity with a full complement of deep seating pieces, and carry design themes through to your dining area with Liberty Barrel Chairs.

1 DREAMCORE™ BACK CUSHION

The cushion back is constructed with moisture-resistant ticking and is engineered to match the silhouette of the cushion, creating a tailored look. The cushion utilizes individual channels which hold the fill in place and creates both support and comfort.

2 DREAMCORE™ SEAT CUSHION

The seat cushion is constructed with High Resilient furniture grade foam wrapped with dacron and with moisture-resistant ticking that is glued, not sewn, to prevent moisture penetration.

The seat deck is constructed of 100% virgin vinyl strapping for enhanced comfort. Virgin vinyl straps do not contain clay fillers which reduces memory of the strap.

3 BACK ATTACHMENT

Homecrest seat and back cushions feature either a Velcro back flap back or sewn seam to attach the cushions together. This eliminates the use of ties or tabs.

4 GROMMET VENTING

The underside of the seat cushion cover features grommet openings for breathability.

5 ALUMAROC™ SWIVEL ROCKER

The all-aluminum AlumaRoc™ features precision-bent springs that are assembled to a plate and post, which provide a smooth swivel and rock motion. The slots in the top of the spring allow for the undercarriage to move forward for a firmer rock and backwards for a softer rock. The AlumaRoc has been tested to exceed one million rock cycles!

6 FRAME CLEANING PROCESS

All of Homecrest's aluminum and steel frames go through an extensive cleaning process prior to painting to ensure quality adhesion of the baked-on powder coat finish.

7 FLOOR GLIDES

All floor glides protect the frame and reduce scratching the finish when moving the piece across a surface. Floor glides are a polycarbonate construction and are tested to 50,000 abrasion strokes.

8 CUSTOM EXTRUSIONS

Homecrest uses custom-designed aluminum extrusions, manufactured to our specifications for strength with internal wall reinforcements for additional durability.

Note: Shown is the Havenhill Swivel Rocker Chat Chair.

CUSHION COLLECTIONS

Our cushion collections offer luxurious comfort in pieces scaled in height and size to dining settings. Quick-drying and extremely resistant to mold, mildew or fading, these plush pieces add warmth and richness to the outdoor dining experience. The cushion features a simple turned seam and wraps the fabric selected around the sides of the cushion to meet the same fabric selected on the back of the cushion.

Luxe Outdoor CUSHIONS

HAVENHILL

Echoing the subtle curves of the fashion-forward Havenhill dining collection, Homecrest is pleased to introduce the Havenhill Cushion collection. Generously proportioned and exceptionally comfortable, Havenhill allows for luxurious relaxation in any space.

LIBERTY

The Liberty Barrel Chair is an iconic introduction, hearkening back to early days in Homecrest's history. This richly updated piece features the wraparound comfort of our traditional barrel chair and the unsurpassed comfort of Homecrest's industry-leading coil spring swivel rocker, while incorporating timeless design elements of our Liberty Deep Seating collection. As a front porch vignette for two, or elegant dining for a crowd, the Liberty Barrel Chair will create an engaging ambiance that celebrates the past and the future.

1 CUSHION CONSTRUCTION

The cushion is constructed of four layers of 2-inch polyester fiber fill that allows moisture to pass through it. Homecrest's quality-crafted cushions are fast-drying and durable. The Homecrest cushion features no welt and uses a simple turned seam and wraps the fabric selected around the sides of the cushion to meet the same fabric selected on the back of the cushion.

2 VIRGIN VINYL STRAPS

The seat deck is constructed of 100% virgin vinyl strapping for enhanced comfort. Virgin vinyl straps do not contain clay fillers, which reduces memory of the strap. They are inserted into a slotted frame and are double wrapped.

3 SWIVEL ROCKER MECHANISM

Homecrest invented the original adjustable 'Swivel Rocker Mechanism' and patented it in 1956. The re-coil spring and swivel plate are attached to a bottom swivel plate that encapsulates a nylon bushing and 12 stainless steel ball bearings. Together they create a smooth and durable swivel rock motion. This mechanism has passed the million rock test and is the only one in the industry that is available on balcony height.

To adjust the swivel rocker, move the re-coil spring forward for a firmer rock and back for a softer rock.

4 SLIP COVER

Cushion is tailored with a matching slip cover, eliminating exposed straps on the back frame. Cushion is held in place to the slip cover with 2-inch industrial grade Velcro and with a pocket flap on the front of the seat to conceal the frame.

5 FLOOR GLIDES

All floor glides protect the frame and reduce scratching the finish when moving the piece across a surface. Floor glides are a polycarbonate construction and are tested to 50,000 abrasion strokes.

6 CUSTOM FRAME MATERIALS

Homecrest uses custom-designed steel tubing and aluminum extrusions, manufactured to our specifications for strength with internal wall reinforcements for additional durability.

7 FRAME CLEANING PROCESS

All of Homecrest's aluminum and steel frames go through an extensive cleaning process prior to painting to ensure quality adhesion of the baked-on powder coat finish.

Note: Shown is the Palisade High Back Swivel Rocker Dining Chair.

SLING, PADDED SLING & WOVEN COLLECTIONS

Our luxurious Sling collections and our popular Homecrest Woven options add relaxed elegance to any patio, pool or fireside. The Homecrest double layer sling has been a consumer favorite for over four decades, offering unsurpassed comfort and exceptional longevity. Homecrest Woven is available on all Sling dining collections and features high-quality resins woven around both sides of our ergonomically shaped aluminum frames for strength, durability and unprecedented woven comfort.

For over 60 years, our business has been built upon the quality and reputation of our patented double layer sling dining pieces. As the creators of the industry's first swivel rocker, we take pride in the widely respected comfort and longevity of our sling and woven dining pieces. As you read ahead, you will learn about the materials and processes that have been the building blocks of our success over the last six decades.

EMORY WITH SANDSTONE

Available in 
WOVEN

ELEMENTS

Uniquely transitional and highly functional, Homecrest is pleased to introduce the Elements Sling collection. Subtle curves and simple angles combine to create a collection that can be artfully classic or freshly modern, depending on your design sensibilities and your outdoor space. Available in low back, high back and balcony seating, Elements has the added versatility of complementing a wide range of deep seating styles with ease and grace.

ELEMENTS WITH STONEGATE

GRACE WITH STONEGATE

GRACE

Contemporary casual meets classic comfort in the Grace Sling collection. The simple elegance of this collection adapts to any locale, whether lakeside at the cabin or under the stars in a Manhattan loft. Available in Sling, Padded Sling and Homecrest Woven, Grace Sling is a natural complement to the Grace Deep Seating collection.

1 SLING CONSTRUCTION

The Homecrest double layer sling uses internal support rails to shape and stretch the sling. This allows for the sling to conform to the body ergonomically and eliminates a rigid surface. This can create pressure points and creates an individual comfort experience. Sling construction is static load tested to ensure durability of seam strength, by dropping a 125 lb weight on a sling chair for 50,000 cycles.

2 SERGING & WELTING

Slings go through a five thread serging process that doubles the strength of the seam. They are then finished with a sewn on welt. You have the ability to select a contrasting or matching welt color.

3 PERIMETER STITCH PATTERN

The perimeter stitch pattern on the padded sling helps promote faster drying time.

4 WOVEN BASKET OPTION

Our fully woven baskets are constructed with high-quality resins rated to 5,000 hours for UV stability – the highest designation in the industry. This synthetic wicker is not subject to mildew and is available in two color options: Coco and Hampton.

5 CUSTOM FRAME MATERIALS

Homecrest uses custom-designed steel tubing and aluminum extrusions, manufactured to our specifications for strength with internal wall reinforcements that provide additional durability.

All of Homecrest's aluminum and steel frames go through an extensive cleaning process prior to painting to ensure quality adhesion of the baked-on powder coat finish.

6 FLOOR GLIDES

All floor glides protect the frame and reduce scratching the finish when moving the piece across a surface. Floor glides are a polycarbonate construction and are tested to 50,000 abrasion strokes.

7 SWIVEL ROCKER MECHANISM

Homecrest invented the original adjustable 'Swivel Rocker Mechanism' and patented it in 1956. The re-coil spring and swivel plate are attached to a bottom swivel plate that encapsulates a nylon bushing and 12 stainless steel ball bearings. Together they create a smooth and durable swivel rock motion. This mechanism has passed the million rock test and is the only one in the industry that is available on balcony height.

Note: Shown is the Elements High Back Swivel Rocker Dining Chair.

HOSPITALITY & METAL COLLECTIONS

Fashion meets utility in Homecrest's Metal collections. Our Mesh, Slat and Café collections are equally suited to commercial applications and residential spaces where scale, stackability and care-free maintenance are top priorities. Homecrest's industry-leading powder paint processes and top-quality materials ensure that your furniture looks showroom-worthy year-round. Surprisingly comfortable even without a cushion, these ergonomically designed frames stand up to extreme weather, stack for convenient storage and security and wipe down with a cloth for the optimum in maintenance-free outdoor living, even when in rigorous use.

MADE
IN THE **USA**

LANA

The contemporary lines of our Lana collection have a fun-loving appeal that suits the décor of any backyard or patio. This collection is easily maintained and is enhanced by its durability, yet provides unexpected comfort.

WYNN

Contemporary and simplistic styling makes the Wynn collection a very practical option for all café and hospitality seating where you require the durability and quality of steel outdoor furniture. This all-steel stackable seating collection is available in café, balcony and bar heights. Like all Homecrest products, the Wynn collection is made in the USA and available in all Homecrest frame finishes.

1 STEEL FRAME PROCESS

All steel components pass through an 11-step cleaning process before they are dipped into an automotive primer, which allows the primer to coat and flow through the tubing for thorough coverage. To protect the steel surface, the primer coat is baked on and then a polyester powder coat is applied and baked on for a 1/2 hr at 420°.

2 ALUMINUM FRAME PROCESS

All aluminum products go through a six-step cleaning process to prepare the metal for painting. Parts are dried and a powder coat is electrostatically applied and baked on for a 1/2 hr at 420°. To ensure quality, testing is done on samples within a paint run for the proper adhesion.

3 SWIVEL ROCKER MECHANISM

Homecrest invented the original adjustable 'Swivel Rocker Mechanism' and patented it in 1956. The re-coil spring and swivel plate are attached to a bottom swivel plate that encapsulates a nylon bushing and 12 stainless steel ball bearings. Together they create a smooth and durable swivel rock motion. This mechanism has passed the million rock test and is the only one in the industry that is available on balcony height.

To adjust the swivel rocker, move the re-coil spring forward for a firmer rock and back for a softer rock.

4 FLOOR GLIDES

All floor glides protect the frame and reduce scratching the finish when moving the piece across a surface. Floor glides are a polycarbonate construction and are tested to 50,000 abrasion strokes.

5 SPRING BASE

To ensure the weld and frame integrity, the Spring Base has passed the one million rock test. The soft, yet durable, relaxing motion of the spring base is achieved, with the encapsulation of a half-inch steel rod in the entire length of the aluminum leg frame.

6 MULTIPLE SEAT OPTIONS

The metal seat options (starburst, slat, slotted and mesh) are available in any Homecrest frame finish. Padded seats are available in any Sunbrella® or Outdura cushion fabric.

7 CUSTOM FRAME MATERIALS

Homecrest uses custom-designed steel tubing and aluminum extrusions, manufactured to our specifications for strength with internal wall reinforcements for additional durability.

1 Note: Applicable to Espresso, Latte, Manhattan and Wynn collections.

2 Note: Applicable to Florida Mesh, Passport and Lana collections.

Note: Applicable to Florida Mesh.

Note: Shown is the Lana Spring Base Dining Chair.

FIRE TABLE COLLECTIONS

Homecrest is the most comprehensive fire table manufacturer in the outdoor furniture industry. We offer a vast number of table heights, shapes and sizes, with some of the most beautiful and technologically advanced surfaces available today. All of these gorgeous tables are finish-matched to our vast furniture line, making the consumer design experience a simple and fun one, leading ultimately to a great overall social experience in their outdoor living space.

The 60,000 BTU heat our fire tables offer is instant, and dramatic; and there's something powerful and elemental about an enormous, beautiful flame that transcends the moment and causes shoppers to momentarily snap out of shopping mode and picture themselves in their outdoor space gathered around the fire. Homecrest fire tables are 100% match light for ease of use and long-term durability. They are also UL and cUL listed. Continue reading to learn about the processes and characteristics that set Homecrest tables apart from the crowd.

100+ HOT 
FIRE TABLES

AURORA NATURAL SERIES

Aurora Natural Series is available in Homecrest's Stonegate and Timber Table Series. Available in 19-inch coffee and 24.5-inch chat table heights with a powerful 60,000 BTU burner, the amazing heat will extend your outdoor season while Aurora's beauty creates an atmosphere of relaxation and conversation. Infinitely customizable, choose from a variety of finishes, shapes and sizes, select any Homecrest frame finish for your base and side panels (Duo-Tone available) and mirror design elements of your outdoor space.

VALERO

Homecrest's Valero fire table is available in coffee, chat, dining and balcony heights. The Valero fire tables are available with all Homecrest Natural Series table tops. Softly curved side panels are available in aluminum that may be powder-coated to match or contrast with your frame according to your design preferences.

1 ICON SERIES TOPS

Available on Aurora fire tables, the Icon Series features a high-polished, natural stone look with a 3-inch edge thickness. Icon begins with a polyester resin substrate, providing excellent core stability and long-term durability. A marine-grade gel coat is then applied for UV stability, and the entire surface is then finished with an automotive-grade clear coat.

Using these processes, Homecrest offers three stunning color options that each feature a high-gloss finish and three unique shapes.

2 NATURAL SERIES TOPS

Natural Series tops have an 1.5-inch to 2-inch edge thickness and are available on the Valero series in coffee, chat, dining and balcony heights with either a 42-inch, 48-inch or 54-inch round top. Stonegate and Timber Natural Series tops are available in three unique shapes and utilize the same 3-inch edge profile as the Icon Series. The base is the Aurora fire base design and is available in both coffee and chat heights.

Our tops are constructed with a polyester resin substrate which gives them added durability and are finished with a marine grade gel coat that reduces stain and abrasion. Using these processes allows for 13 different stunning texture and color combinations.

3 BASES & SIDE PANELS

Aurora all-aluminum bases are available in coffee and chat heights. Valero all-aluminum bases are available in coffee, chat, dining and balcony heights. Bases are available in a single frame finish or with contrasting side panels.

4 EASY PROPANE ACCESS

Each fire table base allows for a 20 lb vertical or horizontal propane tank to be hidden, yet allows for easy tank access whether it's on the door using a mounting bracket or utilizing a drop down side panel. Our fire tables can either be propane fueled or converted to Natural Gas.

6 EXTERNAL KEY

Each fire table comes equipped with a removable key valve, providing easy flame control when in operation and the added safety of a removable key to prevent tampering when not in use.

5 FIRE TABLE ACCESSORIES

With several fire jewelry options (each fire table comes with two 10 lb bags, your choice of one or two colors) to choose from, to lazy susans and lid options, our fire tables will bring your outdoor space to life! The glass guard is a great accessory to enhance and contain the flame in windy conditions.

7 FIRE BOWL CONSTRUCTION

Bowl-shaped fire pan provides additional safety, concentrating the flames towards the center of the bowl and minimizing the opportunity for flames to skip on the surface.

Our fire bowls are stainless steel and are powder coated black to avoid discoloration of the bowl surface.

Note: Shown is the Valero chat fire table with Stonegate Boulder top and a Duo-Tone base.

TABLE COLLECTIONS

For decades, the high-end outdoor living experience centered around the dining table. And as Homecrest has been an industry leader in technology and innovation from its inception in the 1950s, we have always been at the forefront of scientific development as design trends have driven us to make low-maintenance tables of all sizes, shapes, textures and media that can withstand rain, snow, heat and humidity.

At Homecrest, we broadly work in three categories of table surfaces: the Natural Series, which encompasses a wide variety of surfaces that look like natural stone, slate, hammered metals and reclaimed wood, while being created from man-made, engineered composites, our Metal collections, which include cast, extruded and formed aluminum as well as embossed and tubular steel and our timeless Glass series. Continue reading to learn about the processes and characteristics that set Homecrest tables apart.

Industry Leading
TECHNOLOGY

TIMBER

Cast from beautiful reclaimed wood tables, the Timber collection is on-trend and timeless. Using the same technology we use in all Natural Series tables, we are able to achieve a look that is marvelously realistic while retaining the outstanding outdoor performance characteristics you expect from Homecrest. Available in Sequoia and Drift colors, choose from a wide range of sizes in dining, occasional and balcony heights, or warm up beside a 42-inch square fire table.

TIMBER

CONTRACT CHAIRS WITH MODE

MODE

With clean lines and contemporary inspiration, Mode sets a new standard in casual chic. Aluminum panels in Onyx float over a base frame in the color of your choice, creating a space that is elegant in its simplicity and fresh in its styling. Select from a wide variety of heights and sizes to complement the fashionable seating of your choice.

1 NATURAL SERIES CONSTRUCTION

Technology is constantly changing and constantly improving. Our Natural Series surfaces employ the best practices from the countertop and marine industries, producing individually handcrafted surfaces made to withstand the outdoor elements. Starting with proven marine grade gel coats, adding tough polyester cores and finishing them off with our automotive grade “Nano-Coat” clear coating technology, our surfaces are made to withstand the rigors of the outdoor environment.

What is “Nano-Coat?”

Nano-Coat provides a super hard surface that is UV protected, has a chemical-resistant paint protection and a corrosion inhibitor. The surface is then resistant to scratches, mars and abrasions. It contains anti-graffiti and anti-stick properties which lends itself to repel water and dirt making it easy to clean.

2 NATURAL SERIES COLORS & SIZES

Each top is individually handcrafted to replicate the look of hammered metal, sandstone, slate, stone or wood by using natural elements in the mold making process. The Natural Series table collections feature a detailed 1.5-inch to 2-inch edge thickness and are available in a variety of shapes, colors, sizes, heights and textures.

3 FRAME CLEANING PROCESS

All of Homecrest’s aluminum and steel frames go through an extensive cleaning process prior to painting to ensure quality paint adhesion.

4 DUO-TONE OPTION (DOCKSIDE)

The base frame and inset center slats are available in a single frame finish or in two-frame finishes, known as Duo-Tone.

5 CAST ALUMINUM

The top is constructed with a sand cast aluminum plate and aluminum extruded rim that is welded and sandblasted to create a clean and consistent appearance.

6 INNOVATIVE TECHNOLOGY

Homecrest utilizes an innovative wood grain surface technology that is used extensively in automotive, powersports and firearms industry on our Atlas collection. The surface is protected with acrylic automotive clear coat and passes 5,000 hours of UV weatherability.

7 CUSTOM EXTRUSIONS

Homecrest uses custom-designed steel and aluminum extrusions, manufactured to our specifications for strength with internal wall reinforcements for additional durability.

HOMECREST FABRICS

SENSATIONS & OTHER SLINGABLE FABRICS

Homecrest offers over 20 collections in our casual outdoor furniture line. Our collections reflect a variety of styles, including deep seating, dining and café. Whether you're relaxing on your patio, celebrating with friends or just enjoying the outdoors, Homecrest furniture will satisfy design tastes from coast to coast.

Sensation fabrics, offered exclusively by Homecrest, are unique in the outdoor furniture industry. They combine the strength and UV stability of PVC fibers with the comfort and outstanding memory of elastomeric yarns. Combine this with our proprietary double-layer, ergonomically contoured sling technology and you get arguably the most comfortable outdoor sling chair on the market.

They undergo exhaustive testing for wear, memory and UV stability, to exceptional results. Our Sensation fabrics have been out in the field for more than ten years, and customers who purchased Sensation furniture more than a decade ago currently report that their Homecrest chairs continue to have the same stretch, memory and colorfastness as they did when they purchased them.

For all of the excellent technical properties, what really makes Sensation fabrics stand out at retail is the incomparable comfort. We offer several pattern and color options for use on all Sling dining and Sling Deep Seating collections that will build on the success of more than ten years of use and enjoyment by consumers across the country. If Sensation fabrics are new to you, be sure to take an opportunity to sit in a Sensation chair — you'll never look at sling furniture the same way again.

For design ideas and inspiration, visit our website. To help you visualize and customize your chair or fire table, use our Interactive Design Center at design.homecrest.com. Here you'll have the opportunity to 1) Pick your frame 2) Choose your finish 3) Select your fabric and 4) View, print and buy.

SUNBRELLA® FABRICS PS C

In addition to the Homecrest sling selections, the Sunbrella stock line is available for new orders and replacement cushions.

- Colors stay strong and vibrant in sun exposure and can be cleaned with bleach.
- Fabrics are soft, durable and create an inviting decorative option.
- Jacquards, stripes and solid color textures can create a dramatic effect for your outdoor space.

ULTRA LEATHER FABRICS

The Brisa Ultra Leather line is available on our Cushion and Padded Sling seating options. For the Padded Leather seating option, we recommend selecting a coordinating solid sling welt and back for a seamless look (i.e. Polar leather and Pearl welt and back).

WELT FABRICS

Homecrest's industry leading Slings and Padded Slings are constructed using welting. You may select a welting color below to coordinate with your fabric or if no welt fabric is selected, the welt fabric will default to match the frame finish. These options can also be used as Slings and backing for Padded Slings.

DESIGN TIP

Want something sleek and monochromatic? Choose from these fabrics for your sling front, back and welt to create a self-welted look. To visualize this look, visit our Interactive Design Center at design.homecrest.com.

SEATING OPTION & FABRIC SELECTION GUIDE

SS Sensation Sling & Sling | Our patented Airo² seating option utilizes a single layer sling, giving it the look of a cushion in a sling and is featured on our “Air” collections, including Airo², Elements Air and Grace Air. Airo² has no insert or fill material. Since Airo² is a cushionless design, it uses our Sensation fabrics for unmatched comfort and support. Sensation fabrics are also available on all collections that have a sling seating option.

S Sling | The Homecrest pioneered Sling is constructed of double layers for unmatched comfort and support. Our durable outdoor Sling is available in a variety of outdoor fabrics and is easily replaced. Minimal maintenance and comfortable design continues to make the Homecrest Sling a #1 choice from coast to coast. When selecting a Homecrest Sling seating option, you will need to select a welt or binding color. Welting will match the frame finish unless an alternate is selected. Slings utilize the same fabric on the front and back for an attractive look.

PS Padded Sling | Our Padded Sling seating option features a triple layer sling with slight padding for added comfort. This attractive chair with distinctive perimeter stitching gives you not only a comfortable fit, but is a stylish addition to your backyard or patio. The Padded Sling seating option expands your fabric options to include cushion or acrylic fabrics in addition to our slingable fabrics. Like the Sling seating option, when selecting the Padded Sling seating option, you will need to select a welt or binding color. Welting will match the frame finish unless an alternate is selected. Padded Slings will be same front and same back if selecting a fabric that is available in both Sling and Padded Sling. However, if you select a fabric that is available as a Padded Sling and NOT as a Sling, you will need to select a Sling fabric for the back. Pick a fabric for the back that says it is available as a Sling seating option.

C Cushion | Our durable cushions provide additional comfort in a fast paced world (the Cushion seating option includes Deep Seating, Removable Cushions and Padded Seats). Homecrest removable cushions are extremely comfortable, water-resistant and made for the outdoors. Most of our cushion designs feature a clean, simple seam with no welting.

WB Woven | Homecrest Woven products use synthetic resins with a 5000 hour UV rating, the highest designation in the industry. Our Woven seating products are fully woven around both sides of a rock-solid powder coated aluminum frame. The resins are stable through extreme temperature variations and will remain flexible and supple to the touch after multiple seasons; they are also highly fade-resistant and are not subject to mold or mildew.

W Welt | Welting will match the frame finish unless an alternate is selected.

HOW TO READ A HOMECREST FABRIC LABEL & MAKE ORDERING EASY...

When choosing a fabric for the product selected, seating options coding will confirm the availability. Please indicate the fabric grade and follow the “ordering process” instructions for that fabric.

Replace. Revive. Re-love.

REPLACEMENT QUICK SHIP

Whether you are updating your look with new slings or simply need to replace your existing slings, Homecrest is pleased to offer, a Replacement Quick Ship Program. This program will include five popular fabrics with coordinating welts, four sling styles and a sling replacement tool. View the available sling styles and fabric and welt combinations on the right.

Need Help Identifying & Installing Your Replacement Sling?

Visit our website at homecrest.com/replacements for helpful tools to identify and install your replacement slings. If you need help with the identification of your product, there are two tools that can be of assistance: 1) The Model Identification Guide, found at homecrest.com/replacements, allows you to search by collection name, year of purchase and product type (i.e. glider, swivel rocker, etc). 2) Products manufactured after 1998 have a manufacturing decal, which is located on the product's metal frame, that will show the product's model number (view image below).

←
MODEL IDENTIFICATION GUIDE
 The Model Identification Guide allows you to search by collection name, year of purchase and product type.

←
MANUFACTURE DECAL
 The manufacture decal is located on the frame of the product. Usually under the arm.

Need help visualizing these options? Visit the Interactive Design Center at design.homecrest.com to create the look that fits your style! *Note: Colors are representations, please refer to an actual sample.*

STEP 1: Determine if your chair has an external or internal cross bar.

EXTERNAL CROSS BAR

Visible cross bar at the top or in the top 1/3 of the chair back.

INTERNAL CROSS BAR

No visible cross bar on upper 1/3 of the chair back.

STEP 2: Determine if your chair is a high back sling or a low back sling.

CELEBRATING OVER 60 YEARS...

From early ottomans to the original swivel rocker to one of today's leading outdoor furniture manufacturers, the Homecrest brand has been an industry favorite since 1953. Homecrest combines a rich history of quality and classic design with today's demand for affordable luxury and versatile living. Over the years, Homecrest's focus has broadened to encompass the increasing demands of sophisticated, style-driven consumers seeking to complement their homes' interior designs and create a seamless flow between indoor and outdoor living spaces.

#25 CHAIR

KINGSTON

EDINA

CRICKET

HOLLY HILL

1953

Homecrest begins in the back warehouse of a furniture store making a Hassock ottoman.

1956

Homecrest patents a swivel rocker mechanism and introduces it on an indoor chair, which brings growth to the company.

1960

Enters the outdoor casual market with a wire frame café chair.

1962

Introduces the well-known models like the 36 and 90 chairs.

1966

Homecrest's growth inspires a variety of both indoor and outdoor collection designs.

1971

Vinyl strap is a growing category bringing new color and style. The growing wire frame collection Edina, in the popular Holly Hill fabric pattern, is widely retailed across the country.

1983

Homecrest introduces the double layer sling, which provides unsurpassed comfort. The double layer sling is unique to the industry and is still in use today.

1985

Homecrest retires the wire collection, yet continues to offer replacement cushions and slings today for most collections, including vintage wire.

1988

Homecrest adds the Padded Sling option to the growing list of collections.

1991

The introduction of the Holly Hill Cushion collection allows Homecrest to offer a wider variety of low maintenance aluminum pieces to fit the needs of a growing market.

Since 1953

AFFINITY

2000

Homecrest moves into a new state-of-the-art manufacturing facility which remains home today. All products continue to be engineered and manufactured proudly in the USA.

2001

Homecrest receives the Manufacturers Leadership Award for the fifth time.

PALISADE

2002

Homecrest takes the comfort of the double layer sling to the next level with the use of Sensation stretchable fabrics. Another industry first.

2004

Holly Hill Sling is named a Consumer Best Buy.

2009

Homecrest introduces the industry's first swivel rocker balcony stool.

AIRO²

2011

The innovative Airo², a "cushionless" Deep Seating group, is introduced to the industry. Airo² offers the comfort of a cushion with the easy care of a sling.

2012

Homecrest introduces the Dockside collection, providing additional table options.

BELLAIRE

2013

Taking inspiration from the 1960's Homecrest's B99 chair, Homecrest launches the Bellaire collection.

2014

Homecrest launches Lana and Benton seating collections and transforms slingable seating by introducing a re-engineered front and back fashionable sling design.

2015

It was an exciting new product launch year at Homecrest with fashion-forward styles that continue to speak comfort. Introductions like Homecrest Woven, Grace and Havenhill Deep Seating, Vision steel dining and over 100 fire table combinations.

TIMBER FIRE PIT

2016

The nostalgia of a long-time Homecrest customer favorite prompted Homecrest to introduce the Liberty Barrel Chair.

2017

Homecrest first introduced fire pits over a decade ago. This popular category of the Homecrest line has now expanded to rectangular fire pits available in Timber and Stonegate in both 19" coffee and 24.5" chat heights. They feature a powerful 60,000 BTU burner.

HOMECREST
OUTDOOR LIVING

CARE & MAINTENANCE

1) HOW DO I CLEAN MY SLINGS & FABRICS?

To keep your cushions and pillows looking new, refer to the appropriate fabric section below. NEVER use a power washer on the frame or fabric of your Homecrest furniture.

PVC & Sensation

Address stains and mildew promptly. Use warm water with a mixture of strong liquid detergent and chlorine bleach (one cup to three gallons of water). Always rinse thoroughly. Pat to remove excess water and allow to air dry.

Acrylics, Acrylic Blends & Olefin Blends

Address stains and mildew promptly. Add 1/2 cup of chlorine bleach per three gallons of mild soap solution. Always rinse thoroughly. Pat to remove excess water and allow to air dry.

2) HOW TO I CLEAN MY WOVEN PRODUCTS?

Regular washing with nonabrasive, mild soap and water will remove dirt, chemicals, body oils, and other substances. Rinse thoroughly; do not pressure wash, and allow to air dry.

3) HOW DO I CLEAN MY ALUMINUM FURNITURE?

Periodically hose down (NEVER use a power washer on the frame or fabric of your Homecrest furniture) or wash product with mild soap and water to help remove dust, pollens, chemicals, salt water, dirt, etc. Aluminum frames offer exceptionally easy maintenance, and should be cared for like the fine furniture it is.

Apply a coat of clear liquid car wax at least once a year to protect the frame finish on your product. For nicks and scratches, rub the affected area lightly with fine steel wool for better paint adhesion. Wipe clean the area to be painted and apply thin coats of paint, allowing ample time for paint to dry between coats.

4) HOW DO I CLEAN MY STEEL FURNITURE?

Periodically hose down (NEVER use a power washer on the frame or fabric or your Homecrest furniture) or wash product with mild soap and water to help remove dust, pollens, chemicals, salt water, dirt, etc.

Apply a coat of clear liquid car wax at least once a year to protect the frame finish on your product. Where humidity is high, some corrosion is inevitable; catch it early. If corrosion has occurred, clean the area with Extend (found in most hardware stores) following manufacturer's instructions, or clean with naval jelly, let set for a few minutes and wipe clean. Repeat if necessary.

Touch-up paint application: rub the affected area lightly with fine steel wool for better paint adhesion. Wipe clean the area to be painted and apply thin coats of paint, allowing ample time for paint to dry between coats. Contact your dealer for touch up paint.

5) HOW DO I CLEAN MY VINYL STRAPS & VINYL TABLE RIMS?

Using a soft cloth, clean with two tablespoons of mild liquid soap to one gallon of warm water. Use toothpaste or gentle abrasive to remove scuffmarks. DO NOT USE solvents, janitorial cleaner, alcohol-based cleaners/protectants, scouring agents, undiluted bleach, gasoline or ammonia base cleaners on the vinyl rim material. Using these products may cause discoloration.

6) HOW DO I CLEAN MY FAUX, CAST & GLASS TABLE TOPS?

Natural Series (Faux) Table Top

Clean with mild soap and water and a sponge or soft cloth. Follow with a clean water rinse. Occasional use of mild abrasive cleaner will release embedded dirt. Rinse thoroughly with clean water.

Cast Table Top

Clean with a mild soap and water using a sponge or soft cloth. A clear liquid automotive wax may be applied 1-2 times a year to protect finish.

Glass Table Top

Clean regularly with a soft cloth, and mild soap and water.

WARRANTY

Homecrest Outdoor Living is devoted to providing the consumer with industry leading comfort and quality. With over 60 years of experience in manufacturing outdoor furniture, we are widely known for our comfort, quality and style. Our suppliers, manufacturing team and sales personnel are devoted to making your experience with our products an enjoyable one.

15 YEAR (RESIDENTIAL LIMITED WARRANTY) AND 5 YEAR (COMMERCIAL LIMITED WARRANTY)

Homecrest Outdoor Living's 15 year residential limited warranty applies to Homecrest products used in a residential setting only. Homecrest Outdoor Living's 5 year commercial limited warranty applies to Homecrest products used in a commercial setting only. All warranty periods are based on the original purchaser's date of purchase, and are not transferable. Our warranties apply only to products shipped from the factory after January 1, 2008 (product codes ending in -08 or later). A copy of the original sales receipt and the product code must be submitted with all warranty claims (photos may also be required).

WHAT OUR WARRANTY COVERS

15 years (Residential) and 5 years (Commercial): Aluminum frames, steel frames and *swivel rocker mechanisms are covered from structural failures for 15 years from date of purchase in a residential setting and five years in a commercial setting. If the frame or swivel rocker mechanism fails during the 15 years in a residential setting and five years in a commercial setting under normal usage, and is not the result of abuse or an "act of nature", Homecrest Outdoor Living will repair or replace the frame or swivel rocker mechanism at the manufacturer's discretion. If replacement is required, and your original frame or swivel rocker mechanism is no longer manufactured, we will replace it with a similar product. Homecrest Outdoor Living will pay the warranty freight the first year in the Continental U.S. Return of product will not be accepted without prior approval.

5 years (Residential and Commercial): The warranty on painted frame surfaces covers against peeling, flaking or blistering for a period of five years. If the painted surface peels, flakes, or blisters and the furniture has been maintained per the recommended care and maintenance instructions, Homecrest Outdoor Living will repair or replace the frame at the manufacturer's discretion. If replacement is required, and your original product is no longer manufactured, we will replace with a similar product. Homecrest Outdoor Living will pay the warranty freight the first year in the Continental U.S. Return of product will not be accepted without prior approval.

3 years (Residential) and 1 year (Commercial): Solid surface table tops (excluding glass) are warranted against structural failures, finish cracks, and blisters for three years when used in a residential setting and one year in a commercial setting. Failure to properly maintain the table top, or store it properly during inclement weather, will void the warranty. If the table top (other than glass) fails, or the finish cracks or blisters during the warranty period, we will repair, refinish or replace the top. Homecrest Outdoor Living will pay the warranty freight the first year in the Continental U.S. Return of product will not be accepted without prior approval.

3 years (Residential) and 1 year (Commercial): Vinyl strapping is warranted for three years from discoloration or breakage in a residential setting and one year in a commercial setting. In the unlikely event that the strap significantly discolors or breaks, Homecrest Outdoor Living will supply replacement strap (installation labor not included). Glider bearing hangers are warranted for three years against failure in a residential setting and one year in a commercial setting. In the unlikely event a bearing hanger fails, Homecrest Outdoor Living will supply a replacement hanger (installation labor not included). Homecrest woven products are covered for three years against fading, cracking and structural failure in a residential setting and one year in a commercial setting.

2 years (Residential) and 1 year (Commercial): The fabrics used on our cushions, slings and umbrella canopies are warranted for two years in a residential setting and one year in a commercial setting against tearing, discoloration or fading when maintained per the recommended care and maintenance instructions. In the event replacement is required, Homecrest Outdoor Living will replace the cushion, sling or umbrella canopy with the same, if available, or comparable fabric based on manufacturer's discretion (installation labor not included). Homecrest Outdoor Living will pay the warranty freight the first year in the Continental U.S. Return of product will not be accepted without prior approval.

2 years (Residential) and 1 year (Commercial): Crystal fire burners (24" Round and 12" x 24") are warranted to be free from defects in material and workmanship for a period of two years from the date of purchase in a residential setting and one year in a commercial setting. The warranty is limited to the replacement or repair of defective components or workmanship. If replacement is required, and your original product is no longer available, we will replace it with a similar product (with limited lifetime on steel parts).

1 year (Residential and Commercial): The warranty of the finish on coiled steel spring rocker mechanisms, plastic parts, flex plates, glides, swivel inserts, metal umbrellas, cord and umbrella base for one year in a residential and commercial setting from the date of purchase when maintained per the recommended care and maintenance instructions. Homecrest Outdoor Living will repair or replace the frame at the manufacturer's discretion. If replacement is required, and your original product is no longer available, we will replace with a similar product.

WHAT OUR WARRANTY DOES NOT COVER

- Failure caused by misuse or lack of appropriate care and maintenance of the products. Refer to the General Maintenance and Cleaning Instructions.
- Damage caused by caustic chemicals and/or power washers.
- Warranty on product shipped from the factory prior to 1/1/2008.
- Glass and Acrylic table tops.
- Normal fading of fabrics, straps and painted surfaces.
- Bursting and cracking of tubing and extrusion caused by exposure to moisture and freezing temperatures.
- Damage caused by "Acts of Nature."
- Return freight after one year.
- Set replacement or replacement beyond failed product.
- Salt water exposure – Due to the demands of salt air, weekly cleaning and quarterly waxing of painted surfaces must be maintained to prevent finish blisters and corrosion. Failure to carefully follow our care and maintenance instructions will void the warranty.

FREIGHT

All Homecrest Outdoor Living furniture is delivered to the carrier in factory new condition. Claims for damage or losses that occur during shipping must be noted at the time of delivery and filed with Homecrest Outdoor Living. Send written notice of the claimed condition to: Homecrest Outdoor Living, 1250 Homecrest Ave, Wadena, MN 56482.

**Note: Swivel rocker mechanisms are not recommended in commercial applications.*
