

MADDOX

HDPE | ALUMINUM

Modern lines pair with classic teak-inspired construction for relaxed, yet sophisticated outdoor living. Our Maddox collection is constructed with HDPE material and builds on the natural beauty of plantation-grown teak, with wide slats and a sleek silhouette. Enhance your outdoor entertaining area with this popular seating choice. Your guests will love the style and comfort of a café height, and you'll appreciate the size and color choices.

PRODUCT FEATURE

The dimensions between the legs on the end of the Maddox tables are shown on the right. Homecrest's Maddox planks are manufactured from high quality recycled HDPE (High Density Polyethylene) to create long-lasting recycled plastic lumber. HDPE is a low-maintenance, environmentally-friendly product and features a textured surface that doesn't rot or splinter, doesn't require paint or stain, and is resistant to termites, fungus, salt, and oils. Maddox is available in three colors, with color consistency throughout the cross section.
