CONTRACT

HOSPITALITY

For over 50 years Homecrest Outdoor Living has been synonymous with comfort, quality and durability. Homecrest is the proud five time recipient of the coveted “Manufacturer Leadership Award”. Focusing on our customers’ needs, Homecrest provides quality, flexibility, choice and on-time delivery. We provide you with the flexibility of customization in fabrics, frames, finishes and table tops colors and sizes.

CAFÉ, BAR & BALCONY

Designed with function in mind our café, balcony and bar collections are available in steel, aluminum, strap, sling, cushion and aluminum mesh. Our newest introduction, balcony seating, is a comfortable alternative for everyday dining. With a seat height at a relaxed 21”, it is the perfect choice for decks and balconies or any setting where a higher chair is desired. The Balcony seating is available in both swivel and swivel rocking motions.

All mesh edges are encapsulated, ensuring a snag-free surface.

"Your Homecrest Aluminum Mesh furniture has withstood the rigors of the Gorge and its fans. It still looks factory fresh despite extreme temperatures and even concert fans who jump and stand on it to better view the performance."

- Bill Parson, Manager

The Gorge Amphitheater, Kirkland, WA

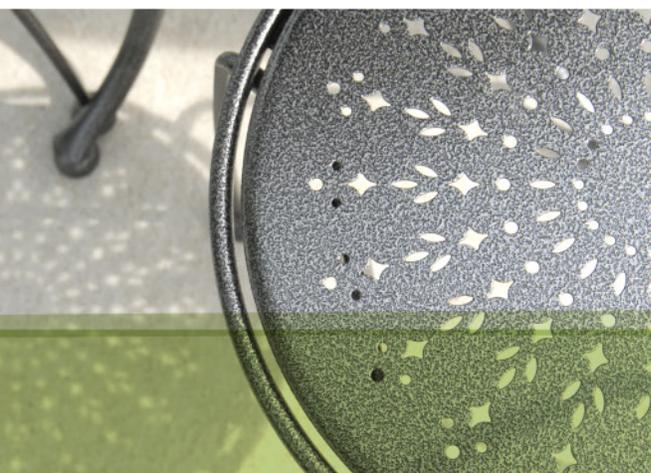

RESORT & LODGING

The unmatched quality and low-maintenance appeal of our aluminum and steel collections make them a resort and lodging favorite. The lightweight frames of our aluminum collections are comfortable, stackable and extremely durable. All of our collections are available in a variety of frames, fabrics and finishes. Give your guests the comfort and relaxation they expect with Homecrest.

EXTENSIVE LINE OF TABLE TOPS

Homecrest offers a complete line of table tops in aluminum, steel, cast tile, granite, glass, and faux. All of tables are easily customizable and are available in a variety of heights, patterns, colors, finishes and sizes. The newly extended line of Homecrest faux table tops offers customers the look of sandstone, slate, wood, granite and many other textures. Our tables replicate every detail of the original component using natural elements.

"This letter is just to let you know how pleased I am with the Homecrest Aluminum Mesh chairs that we purchased over two years ago.

Being a year-round resort, we had a constant battle in finding a chair that looked nice and was durable enough to withstand our harsh winters (over 400" of snow last year).

The Florida Aluminum Mesh chair has exceeded our expectations. Being stackable, weather-resistant and good-looking has put one of my constant battles to rest.

Thanks for your recommendation of this chair for me. I could not be happier."

David Benge, Food and Beverage Director
Northstar-at-Tahoe, Truckee, CA
