MADE IN THE USA

**MADE IN THE USA**

With its American-made quality and comfort, its innovative design and styling, and a wide array of customization options, Homecrest Outdoor Living is proud to be an iconic American brand that continues to be designed, engineered, and manufactured right here in the USA.

# OUR STORY

Homecrest Outdoor Living has been a champion of comfort and quality since our founding in 1953. With roots that go back more than 70 years, we have continually valued passion for casual outdoor furniture and the lifestyle that goes with it. Moreover, we have embraced and influenced the American outdoor living style as it has developed and evolved. We have been here for our customers with service that goes above and beyond, and we always strive to make your experience with Homecrest exceptional.

From our natural-looking table tops to our cushionless deep seating, Homecrest furniture is designed for durability and comfort and backed by industry-leading warranties. Everyone on our team believes in the Homecrest brand, community, and purpose. Throughout the years, Homecrest has prided itself on being a company that not only builds outdoor furniture, but also builds a tight-knit community that promotes family, comfort, joy, health, and well-being.

## SUSTAINABLE PRODUCTS

Healthy outdoor living means protecting the environment. Today, more designers and consumers are interested in environmentally friendly designs and products. Homecrest Outdoor Living products are designed and tested for an extended life cycle to reduce our impact on the environment. We consistently conduct testing at higher levels than the industry requires, lengthening our product life span for many years.

# TABLE OF CONTENTS

Welcome to the Homecrest Model ID and Replacement Guide. At Homecrest, we strive to design and manufacture products that can be enjoyed for generations and, when possible, provide full support for the refurbishment of those products over their lifetime. This guide will help you through the process of finding replacement slings, cushions, padded slings, glides, and repair parts to keep your Homecrest furniture looking and performing like new. Please review the topics below before beginning your replacement selection.

This guide is organized by seating type (deep seating, cushion, air, sling, etc.). Within each seating type group, the guide is organized alphabetically by collection name. Each model is listed with its replacement items, including glides and end caps. Please note that “N/A” is used interchangeably for “Not Applicable” and “Not Available.”

If you do not know the collection name of your Homecrest furniture, we recommend that you use the resources on the Homecrest website ([www.homecrest.com](http://www.homecrest.com)), including the video “How to Identify Your Homecrest Product,” the manufacturer’s label and the catalog archives. All three can be accessed by navigating to the “Replacements” page.

# NEED HELP IDENTIFYING A PRODUCT?

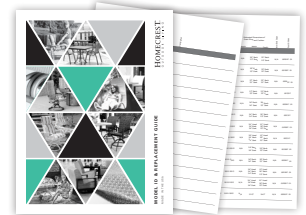

## HOW TO DETERMINE WHICH COLLECTION YOUR PRODUCT IS A PART OF

Homecrest has made it easy to determine which collection your product is a part of. Here are three tools to help you with the identification of your product:

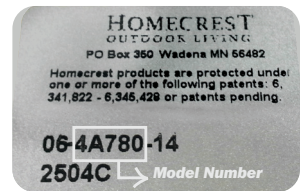

The **Catalog Archive**, found at [homecrest.com/catalog-archive](http://homecrest.com/catalog-archive), is an invaluable tool for identifying replacements for resilient Homecrest outdoor furniture by allowing you to look through past catalogs. With the model number identified, use the Model Identification Guide to direct you to the replacement number needed.

The **Model Identification Guide**, found at [homecrest.com/model-identification](http://homecrest.com/model-identification), allows you to search (Ctrl-F) by model number, collection name, year of purchase, and product type (i.e. glider, swivel rocker, etc). Once you have found your product, refer to the "Replacement #" column to find the replacement number you need to use when placing an order. **Note:** Replacement arm and floor glides are also listed.

Products manufactured after 1998 have a **manufacturing decal**, which is located on the product's metal frame. On the manufacturing decal, there is a set of digits. The first two digits indicate the week of the year the product was produced, the next set of digits represent the product's model number, and the last two digits are the year the product was produced. With the model number identified, use the Model Identification Guide to direct you to the replacement number needed.

## HOW TO DETERMINE YOUR SLING OR PADDED SLING BASKET

The majority of replacement baskets are low back and high back sling chairs that Homecrest has produced over the years. These chairs utilize four different replacement slings. Here is a quick way to identify replacements needed for these four types of chairs.

Determine if your chair has an external or internal cross bar and if your chair is a high back sling or a low back sling.

Select your sling style. **Note:** A sling replacement tool is included with each order.

**HIGH BACK SLING**  
S 73900S - External Cross Bar  
PS 76900S - External Cross Bar

**LOW BACK SLING**  
S 73390S - External Cross Bar  
PS 76591S - External Cross Bar

**HIGH BACK SLING**  
S 7390RS - Internal Cross Bar  
PS 76910S - Internal Cross Bar

**LOW BACK SLING**  
S 7339RS - Internal Cross Bar  
PS 76590S - Internal Cross Bar

**SLING REPLACEMENT TOOL**  
202020 CL - Included with Basket

*Note: a Deluxe sling assembly tool (406920ST) is also available for purchase.*

## HOW TO DETERMINE THE FABRIC YOU NEED

Reference swatch labels (page 7) or the fabric index in both the catalog and price list to identify fabrics that are available for your type of replacement.

# CHANGING YOUR STYLE?

When ordering replacement slings or padded slings for your Homecrest furniture, you have the option to “change your style”, and upgrade from sling to padded sling; from padded sling to standard sling, or from either sling or padded sling to a woven basket. Follow the simple steps below to change the style of our Homecrest furniture:

**STEP 1:** Look in this guide for your chair’s replacement sling or padded sling number.

**STEP 2:** Check the tables below for alternative options to order:

**IF YOUR CURRENT PRODUCT IS A SLING:**

# SEATING OPTIONS GUIDE

**A Air** | Homecrest air collections feature the appearance and comfort of deep seating in a foam-free, cushionless construction. Luxurious and exclusive Sensation sling fabrics are used for the ultimate in low-maintenance comfort and feature benefits such as exceptional shape retention and surface memory. The air sling has a double layer design that is extremely comfortable and field-replaceable. All double layer slings carry a five-year residential and two-year commercial warranty.

**S Sling** | The Homecrest-pioneered sling is constructed of two layers for unmatched comfort and support. Our durable sling is easily replaceable and available in a variety of outdoor fabrics, including our exclusive Sensation slings. Minimal maintenance and comfortable design continues to make the Homecrest sling a #1 choice from coast to coast. When selecting a Homecrest sling seating option (except for Allure and Elevate), a welt or binding selection is required. Welting will match the frame finish unless an alternate is selected. Slings utilize the same fabric on the front and back for an attractive look. All double layer slings carry a five-year residential and two-year commercial warranty.

**PS Padded Sling** | Our padded sling seating option features a triple layer sling with slight padding for added comfort. This attractive chair with distinctive silhouette stitching gives you not only a comfortable sit, but also a stylish addition to your outdoor space. The padded sling expands your fabric options to outdoor fabrics from suppliers like Sunbrella® and Tempotest®. For the padded sling seating option, select one of these outdoor fabrics for the front and a Homecrest sling fabric for the back. Like the sling seating option, our padded sling requires a welt or binding selection. Welting will match the frame finish unless an alternate is selected.

**C Cushion** | Our durable cushions provide unmatched comfort and weather-resistance in today's fast-paced world, with options including deep seating cushions, dining cushions, removable seat pads, and padded seats. The deep seating cushions are available in plush or firm styles that are tailored to each collection and feature either a curved or box panel design.

**W Welt** | Welting or binding will match the frame finish unless an alternate is selected.

## HOW TO READ A HOMECREST FABRIC LABEL & MAKE ORDERING EASY...

When choosing a fabric for the product selected, seating option coding will confirm the availability. Please indicate the fabric grade and follow the "ordering process" instructions for that fabric.

**Fabric Name**

**Grades:**  
A = \$ and B = \$\$

**Note:** Fabrics are separated into different grades based on their construction characteristics (types of yarns, dyes that were used, weave intricacy, etc.). While grade A fabrics cost less than grade B fabrics, this doesn't indicate the quality of the materials used.

**Carbon**

**Grade A**

Fabric Content: PVC

**S Sling** - This fabric will be used for the front and back of a sling (S). On many Homecrest sling collections, a welt (W) is also required.

**PS Padded Sling (Back Only)** - This fabric is an option for the back of a padded sling only.

**W Welt** - This fabric is a welting (W) fabric.

**Note:** For ordering tips, see the inside back cover.

**S PS W**

**Ordering Tips:**

**A Air** - Sensation sling fabrics will be used for the front and back of air (A) collections. A welt fabric is not required.

**S Sling** - Sling fabrics will be used for the front and back of a sling (S). On many sling collections, a welt (W) is also required. If a welt is NOT selected, it will default to the frame finish.

**PS Padded Sling** - The padded sling (PS) front is available in acrylic and leather-inspired fabrics only. A Homecrest sling (S) fabric is required for the back. If a back or welt (W) fabric is NOT selected, it will default to the frame finish.

**W Welt** - On many sling collections, a welt (W) is required. If a welt fabric is NOT selected, it will default to the frame finish. Some fabrics are available in both sling (S) and welt fabrics, creating a seamless or self-welting look.

**Denotes what seating option the fabric is available on.**
