The Milano Pro 130R is a 13-foot octagon-shaped cantilever umbrella. It has more than 112 lights built into the umbrella ribs. With its powder-coated frame and 40 preset locking positions, it is both durable and adaptable. Space 8-3030A.

Whitecraft

The rustically elegant River Run collection appears to be handmade from white birch branches, but is actually a durable resin finish over an aluminum frame with a subtle weave featured on the seating in Viro fiber. Shown with a floral cover, the low-back lounge chair is also available in solids, plaids and checks. Showroom 1627
