Elements High Back Dining Chair
Complement these high back dining chairs with the comfort of an Elements high back swivel rocker. The simple styling of Elements coordinates with all Homecrest collections.

Elements Loveseat
Elements Dreamcore™ cushions mimic the frame’s style to create a versatile, transitional look in all outdoor spaces.
Enjoy the outdoors in utmost relaxation with Homecrest stationary and motion pieces. Homecrest outdoor furniture has been a consumer favorite for decades, offering unsurpassed comfort and exceptional longevity. Available in sling, padded sling, air, and cushion.

Made in the USA
ALLURE
ULTRACORE™ CUSHION | ALUMINUM

Allure modular is built on the comfort Homecrest is known for. This collection features sumptuous, all-weather cushions; generously proportioned seating; and clean, modern lines in a chic profile. While Allure modular is exceptionally comfortable, it also allows endless versatility for creating unique seating configurations. This collection is perfect for both residential and commercial usage.

PRODUCT FEATURE

Simply switch the back cushion to create a right arm or left arm club chair for endless configurations.

Complete your outdoor space with coordinating Allure sling (shown on page 8) and mesh (shown on page 56) pieces!

ALLURE
SLING | ALUMINUM

The clean lines of the Allure collection, met with the strength and durability of powder-coated aluminum, provide premium comfort. Allure features a field-replaceable double layer sling with no welting, and carries an unprecedented sling warranty. The quick-drying café chairs are available with or without arms.

WIND RESISTANT UPGRADE
Need additional weight for windy conditions?
Allure’s Wind Kit Set (11370WS), consisting of a pair of zinc-plated steel bars, adds an additional 5.66 lbs and easily attaches to the chair’s frame. Available in all finishes.
With Homecrest’s Elements cushion collection, you’ll never have to sacrifice style for comfort again. This deep seating series combines the fresh and transitional look of Homecrest’s popular Elements sling and air collections with the supreme comfort guaranteed by Homecrest’s DreamCore cushions. These cushions use High Resilient foam to ensure durability, longevity, and unparalleled comfort. Unlike conventional foam, Homecrest’s DreamCore cushions have an unbeatable elasticity, which makes for an unmatched seating experience.
**EXPERIENCE MOTION**

Experience Homecrest’s motion pieces with our industry-leading swivel rocker mechanisms.

**Cushions are secured to withstand wind and ensure long-lasting performance.**

*Units are not standalone pieces. We recommend using end units with arms on all modular configurations due to exposed brackets on armless versions.*
The Elements air collection features the appearance and comfort of deep seating in a foam-free, cushionless construction. Luxurious Sensation sling fabric is used for the ultimate in low-maintenance comfort and also features benefits such as exceptional shape retention and surface memory. The Elements double layer sling design is extremely comfortable and field-replaceable. Elements offers a versatile, stylish, and low-maintenance solution for your outdoor seating needs. Elements air coordinates with all Elements cushion and sling dining collections.

**Experience Motion**

Experience Homenest’s motion pieces with our industry-leading swivel rocker mechanisms.
Uniquely transitional and highly functional, Homecrest’s Elements sling collection is an industry favorite. Subtle curves and simple angles combine to create a collection that can be artfully classic or freshly modern, depending on your design sensibilities and your outdoor space. Available in low back, high back, and balcony seating, Elements has the added versatility of complementing a wide range of deep seating styles with ease and grace.

Elements Low Back Dining Chair
Create a more comfortable sit by selecting a Sensation sling fabric. Sensation fabrics feature outstanding memory and strength.

ELEVATE
SLING | ALUMINUM

The Elevate sling collection shows that elegance and strength can go hand in hand. Elevate features defined lines with added weight for resistance against strong winds. Created from custom, solid aluminum, these pieces offer tremendous resistance to wind, salt, sun, and snow. All these features combine to make Elevate sling ideal for hospitality, workplace, rooftop, and balcony environments.

GRACE
ULTRACORE™ CUSHION | ALUMINUM

Create the ultimate retreat with the elegant and inviting Grace collection. Grace offers a wide selection of freestanding and modular units in different orientations and sizes. This collection can be scaled to your space, and pieces can be freely moved to suit the needs of the moment. Unleash your inner designer and select complementary fabrics for back upholstery and seating fabrics. Grace features a 10" UltraCore seat cushion and contoured back cushion. Some pieces come standard with arm pillows, as shown in the images below.

Note: A solid color fabric selection is required for the back of each unit, with the cushion being the same color or a coordinating pattern. See page 154 for fabric information and options. Solid color fabrics that have a woven texture or color direction will run the opposite direction on the back frame slip cover of all Grace pieces. Grade and appropriate upcharge for the back frame slip cover fabric selection is calculated separately from the cushion fabric grade.
**EXPERIENCE MOTION**

Experience Homecrest’s motion pieces with our industry-leading swivel mechanisms.

**TAKE NOTICE**

If you would like your cushion widths to match when creating a modular configuration, pair the chat chair with the loveseat and the club chair with the sofa.

**COLLECTION WATCH**

Grace cushion has coordinating sling pieces on pages 26 and 27.

---

**PRODUCT FEATURE**

Grace is constructed with 4” heavy wall aluminum extrusion arms and 10” foam core inserts that are wrapped in moisture-resistant ticking. The back is engineered with a multimedia cushion for added comfort.

---

**AVAILABLE IN:** Cushion

---

*Units are not standalone pieces. We recommend using end units with arms on all modular configurations due to exposed brackets on armless versions.
The Grace air collection features the comfort of a deep seating piece in a foam-free, cushionless construction. Luxurious Sensation sling fabric is used for the ultimate in low-maintenance comfort and also features benefits such as exceptional shape retention and surface memory. The Grace air double layer sling design is durable and comfortable. Grace air offers a versatile, stylish, and low-maintenance solution for your outdoor seating needs and coordinates with all Grace cushion and sling pieces.
Note: Depending on the desired configuration and use, we recommend ordering multi-seat units versus single-seat units to eliminate multiple legs for a cleaner look (i.e. order an armless sofa versus three armless chat chairs).
GRACE
SLING & PADDED | ALUMINUM

Grace sling offers clean lines and an open design, making it endlessly adaptable across all environments and design preferences. Its gentle minimalism allows it to stay current and fresh, even as trends evolve over time. Rock-solid aluminum and Homecrest’s signature comfort make Grace a collection that is equally at home in commercial spaces and residential environments. When looking to furnish multiple areas at work or at play, complement Grace sling with cushion and air collections.

HARBOR
SLING & PADDED | ALUMINUM

Harbor features gently curved arms and our signature double layer sling. Harbor is one of our “Designed with Weight” collections, making it ideal for windy conditions. Custom aluminum extrusions are used for the arms and base to provide a low-maintenance and corrosion-free material for those high-wear components, while powder-coated, solid-steel cross bars and internal side rails add weight.

INFINITI
AIR | ALUMINUM

Infiniti’s generous proportions and simple design make it adaptable to all kinds of environments, space designs, and functional requirements. Crafted with Homecrest’s elastomeric Sensation fabric, Infiniti offers a luxurious sit, as well as exceptional shape retention and surface memory, without the maintenance that comes with a traditional cushion. Paired with the adaptable Infiniti tables, this collection offers flexibility and the incomparable quality of Homecrest’s American manufacturing.

PRODUCT FEATURE
This collection comes with optional connectors. These easy-to-install hidden connectors help maintain a desired seating configuration. All units come standard with black floor glides.

experience motion

Experience Homcrest’s motion pieces with our industry-leading swivel rocker mechanisms.
Sleek, modern, and aerodynamic: meet our Magneta cushion collection. Its accentuated, curving arms place this series firmly in the Streamline Moderne style, which originally emerged as an international evolution of French Art Deco design. In addition to its cosmopolitan visual appeal, our Magneta cushion pieces feature Homecrest’s DreamCore cushions, which are designed for both weather resistance and delivering a luxury seating experience.

**COLLECTION WATCH**
Magneta cushion has coordinating sling pieces shown on pages 42 and 43.

**Note:** A solid color fabric selection is required for the back of each unit, with the cushion being the same color or a coordinating pattern. See page 154 for fabric information and options. Solid color fabrics that have a woven texture or color direction will run the opposite direction on the back frame slip cover of all Magneta pieces. Grade and appropriate upcharge for the back frame slip cover fabric selection is calculated separately from the cushion fabric grade.
SWIVEL ROCKER CHAT CHAIR
This all-aluminum chat chair features our adjustable AlumaRoc™ mechanism. The gentle motion, paired with the DreamCore cushion, creates the ultimate in comfort.
We’ve complemented our Magneta cushion collection with these sleek, modern sling options. Magneta, one of our “Designed with Weight” collections, takes inspiration from the dynamic Streamline Moderne school of design, which originally emerged as an international evolution of French Art Deco. This makes our Magneta sling collection not just contemporary, but also cosmopolitan. And of course, our double layer sling pairs wonderfully with the visual appeal by providing a luxury seating experience.

**COLLECTION WATCH**
Magneta sling seating has coordinating cushion pieces shown on pages 40 and 41.

**PRODUCT FEATURE**
This collection features powder-coated, solid-steel cross bars and internal side rails for added weight. The entire swivel rocker undercarriage is zinc-plated prior to powder coating. A 2-3/4” x 3/8” solid-steel plate is designed into the undercarriage for additional weight.

**TAKE NOTICE**
This collection features both dining and café height seating. Our café chairs pair with café height tables. Want to use these café chairs with a dining height table? Add a Lift Kit (KIT175) to raise the 37XX series dining base on all Natural Series and Breeze tables an additional 1.75”, increasing the table height from dining to café in minutes!
Frames are designed with added weight to withstand wind and stay in place.
Homecrest’s Revive collection celebrates mid-century modern design and the artists who shaped a generation. Featuring our signature DreamCore cushion technology, Revive offers supreme comfort and a striking design aesthetic, plus all of the industry-leading quality specifications that are built into every piece of Homecrest furniture. Sit back, relax, and enjoy the sunshine knowing that this gorgeous furniture that celebrates a dynamic era will be enjoyed by generations to come.

Revive cushion has coordinating air pieces on pages 46 and 47.

*Units are not standalone pieces. We recommend using end units with arms on all modular configurations due to exposed brackets on armless versions.

EXPERIENCE MOTION
Experience Homecrest’s motion pieces with our industry-leading swivel rocker mechanisms.
The mid-century modern era was a great time to be in furniture design. Decades later, this iconic style is experiencing a renaissance, but with all of the benefits of current technology. The Revive air collection uses our unique Sensation sling material, which offers incredible stretch, memory, and UV resistance, providing the look and feel of a cushion with none of the maintenance.

Available in: Air

Note: Depending on the desired configuration and use, we recommend ordering multi-seat units versus single-seat units to eliminate multiple legs for a cleaner look (i.e. order an armless sofa versus three armless chat chairs).
Revive’s 18” seat height allows the elements and grace of air collections? Then you’ll love Revive, which features a higher seat height!

Available fabric options:
- Agate II
- Cameo II
- Zing II
- Caribbean
- Poppy
- Stratus
- Bisque
- Cedar II

All collections are available in Sensation sling fabric only. Look for the air collection “A” icon.
STELLA
SLING & PADDED | ALUMINUM

Stella features elegantly sloped arms and our signature double layer sling. Stella is one of our "Designed with Weight" collections, making it ideal for windy conditions. Custom aluminum extrusions are used for the arms and base to provide a low-maintenance and corrosion-free material for those high-wear components, while powder-coated, solid-steel cross bars and internal side rails add weight.

Available in: Sling  Padded Sling

PRODUCT FEATURE
This collection features powder-coated, solid-steel cross bars and internal side rails for added weight. The entire swivel rocker undercarriage is zinc-plated prior to powder coating. A 2-3/4" x 3/8" solid-steel plate is designed into the undercarriage for additional weight.

MIX & MATCH
Check out our Kashton coordinating adjustable chaise on page 36.

TAKE NOTICE

SUTTON
LUXE OUTDOOR CUSHION | ALUMINUM

Plush, all-weather back and seat cushions, plus strong lines and durable aluminum frames, are just the beginning of the story that describes Homecrest’s Sutton cushion collection. Creating an outdoor space is easy with Sutton’s bold shapes. Gently sloping backs promote restful lounging while Homecrest’s plush cushions hug your body with softness and support. From every angle, the innovative design of the Sutton collection strikes a modern pose.

WIND RESISTANT
Frames are designed with added weight to withstand wind and stay in place.
Our dedication to commercial-grade materials and craftsmanship speaks for itself. Our customers tell us time and time again how truly satisfied they are with the quality and longevity of our products in the demands of various commercial environments.

All of our products go through rigorous commercial testing to ensure that what you specify and purchase is truly worthy of your project or property. Your guests’ experience is paramount to us.

Made in the USA
Coordinate Allure mesh with Allure cushion and sling pieces, shown on pages 6-9. The Allure collections are a contract favorite!

WIND RESISTANT UPGRADE

Need additional weight for windy conditions? Allure’s Wind Kit Set (11370WS), consisting of a pair of zinc-plated steel bars, adds an additional 5.66 lbs and easily attaches to the chair’s frame. Available in all finishes.
Homecrest’s Allure mesh line is durable and functional. Ideal for patio or poolside, this collection is built for superior weather resistance, whether your climate is coastal, arid, or anywhere in between. With several options for finishes, this sleek collection will transform your commercial and residential locations.

### PRODUCT FEATURE

The Allure mesh adjustable chaises and café chairs (arm and armless) stack 4-6 high!

### TAKE NOTICE

Frames are designed with added weight to withstand wind and stay in place.
Our Elevate mesh collection puts a twist on our classic visual designs, while adding features that make it the ideal choice for hospitality, workplace, rooftop, and balcony environments. Crafted with solid aluminum frames for added weight and resistance against strong winds, these pieces have a unique shape that makes both the armed and armless units fully stackable. In addition, this collection is resistant to salt, sun, snow, and anything else nature can throw at it.

CAFÉ SEATING

Café seating pieces have an average seat height of 19” and are commonly used in restaurants, bars, and other active seating venues. Most café collections are stackable and available with and without arms. Be sure to select café heights for both the table, which has a 30” average height, and the seating collection to ensure proper fit.

PRODUCT FEATURE

Homecrest Breeze tables with an umbrella hole come with a coordinating, smooth, metal plug.

NEED A CAFÉ HEIGHT TABLE?

The Breeze 37XX dining table base (27.5” in height) is designed to easily convert to a café table base (29.25” in height) by adding a Lift Kit (KIT175). Simply attach the hardware to the base frame for an additional 1.75” in height. The Lift Kit can be removed to convert the café table base back to a dining table base. Lift Kits are available in all finishes.
**FIRE PITS | AURORA BASE & ACCESSORIES** Features a 1.5" edge profile.

*Note:* Each fire table comes standard with a 12" x 24" rectangular 65,000 BTU stainless steel black powder-coated burner, external key valve, match-light ignition, 20 lbs of fire jewelry (select one or two colors), and a black 3/4" fire burner riser. The burner is available as either Liquid Propane (xxx-JLP) or Natural Gas (xxx-JNG)—if one is not selected, the burner will default to the Liquid Propane option.

**PRODUCT FEATURE**

Every Homecrest fire table features easy propane access, a removable key valve for flame control, and a standard burner riser to keep the table surface cool. We also offer glass guards, which are recommended for use in windy conditions to contain the flame.
Homecrest Dockside tables feature clean, sleek styling in a tough, all-aluminum construction. Available in several heights, Dockside offers a wide array of table sizes, as well as attractive bench options. This popular collection also features Homecrest Duo-Tone, allowing the option to select contrasting finishes for the frame and interior slats at no extra charge.

Available in: [Metal Seat] [Cushion Only]
PRODUCT FEATURE
Dockside is available in Duo-Tone. The base is available in a single finish or with contrasting inset center slats. When selecting the contrasting option, list the frame color first followed by the slat color. If a second color is not listed, the Dockside table will be painted in the single color.

Homecrest Dockside tables with an umbrella hole come with a coordinating, smooth, metal plug. Refer to the product specifications to confirm whether your table comes with or without a hole.

TAKE NOTICE
The standard Homecrest sling dining and swivel rocker chairs do not fit on the ends of the 32” x 62” tables.
EDEN  HDPE | ALUMINUM

Eden’s warmly functional seating is sparked by Swedish simplicity, clean lines, and flawless craftsmanship. Constructed with HDPE materials, Eden is a slatted, teak-inspired top with an aluminum base that is available in all of Homecrest’s textured powder-coated finishes. Available in café, balcony, and bar heights, the modern appearance of the Eden collection bears the essence of cool sophistication and the welcoming warmth of comfort you expect from your Homecrest outdoor furniture.

COLLECTION WATCH
View additional Allure sling pieces on pages 8 and 9.
Homecrest’s Eden planks are manufactured from high-quality recycled HDPE (High Density Polyethylene) to create long-lasting recycled plastic lumber. HDPE is a low-maintenance, environmentally friendly product that features a textured surface that doesn’t rot or splinter, doesn’t require paint or stain, and is resistant to termites, fungus, salt, and oils. Eden is available in two colors, with color consistency throughout the cross section.
GLASS AQUATEX | ALUMINUM

Homecrest has you covered with our Glass table top collection. Enjoy the reflective appeal of the classic Aquatex table tops for a low-maintenance look. Our glass tables complement many of our seating collections in both traditional and contemporary settings.

TABLE TOP DESIGN

TOP CONSTRUCTION  Our Aquatex glass has a slight ripple pattern and is quite opaque. It is 3/16” thick and is tempered. Tempered glass is about four times stronger than regular glass and offers enhanced safety.

PRODUCT FEATURE  Homecrest glass tables with an umbrella hole come with a clear vinyl plug and grommet. Refer to the product specifications to confirm whether your table comes with or without a hole.

48” GLASS DINING TABLE | 3740181 (DISCONTINUED)
Aquarium Top | Carbon Finish
The mesh outdoor table by Homecrest brings low-maintenance style to your outdoor space. An aluminum mesh top allows water to drain so your table is always ready to enjoy. The aluminum, pedestal-inspired base design allows for maximum leg room. Our mesh tables feature a durable powder-coated finish and an umbrella opening.

MODE ALUMINUM

Add an element of sophistication to your outdoor space with Homecrest’s Mode collection. With clean lines and contemporary inspiration, Mode sets the standard in casual chic. Mode features floating aluminum rectangular panels and a sleek appearance that brings an elegant style to your outdoor space. Customize your Mode table with a wide variety of heights and sizes to complement your outdoor seating. The aluminum top panels that float over the base frame are available in all finishes. Duo-Tone your Mode table or fire pit by selecting one color for the top panels and a coordinating color for the base.

FIRE PITS | AURORA BASE & ACCESSORIES  
Features a 3” edge profile.

Note: Each fire table comes standard with a 12” x 24” rectangular 65,000 BTU stainless steel black powder-coated burner, external key valve, match-light ignition, 20 lbs of fire jewelry (select one or two colors), and a black 3/4” fire burner riser. The burner is available as either Liquid Propane (XXX-JLP) or Natural Gas (XXX-JNG)—if one is not selected, the burner will default to the Liquid Propane option.

**MODE CLUB ALUMINUM**

Building on our popular Mode collection, Homecrest’s Mode Club is a complementary series of contemporary table tops that are uniquely designed for hospitality applications. Mode Club tables feature clean lines and smooth contours in a variety of shapes and sizes that are specifically selected for outdoor spaces in public places. Like its sister collection, Mode Club tops are available in Duo-Tone color options. Pair these sophisticated tops with the Homecrest base that appropriately meets the height, functional, and aesthetic requirements of your project.

**MODE CLUB | TOP + TABLE BASE COMBINATIONS | DINING & CAFÉ**

*Note: Use BOTH top and base model numbers when ordering. Height listed is the complete table height and can vary up to 1/4". Table tops feature a 1.75" edge profile. The rectangle and square tops have 1" radius corners.*

LOVE OUR DURABLE

CONCRETE TOPS
CONCRETE TABLES  NATURAL SERIES

Offering a simple yet sophisticated style to your outdoor space design has never been easier than with Homecrest's Concrete table tops. A member of our Natural Series collection, our Concrete tables are crafted using the latest in composite technology, giving you a contemporary, industrial-chic piece that is as durable as it is beautiful. This collection is sure to please those with an eye for innovative aesthetics.

Note: Each top is individually handcrafted and will vary in color. Colors are representations, refer to an actual sample. Homecrest Concrete tables and table tops with an umbrella hole come with a coordinating resin plug. For fire table options, including coffee, chat, dining, and balcony options, check out pages 96 and 97.

**NEED TO CHANGE YOUR DINING TABLE TO A CAFÉ HEIGHT?**

The Natural Series 37XX dining table base (27.5" in height) is designed to easily convert to a café table base (29.25" in height) by adding a Lift Kit (KIT175). Simply attach the hardware to the base frame for an additional 1.75" in height. The Lift Kit can be removed to convert the café table base back to a dining table base. Lift Kits are available in all finishes.
**Note:** Use BOTH top and base model numbers when ordering. Height listed is the complete table height and can vary up to 1/4". Table tops feature a 2" straight edge profile.

CONCRETE FIRE TABLES NATURAL SERIES

This is the perfect top for achieving a modern, industrial look. Our Concrete tops are a part of our Natural Series collection, which brings a sophisticated organic design element to outdoor spaces utilizing the latest in composite technology. Homecrest fire tables offer a powerful burner (up to 65,000 BTUs) and come standard with your choice of fire jewelry, as well as a secure key and black 3/4" aluminum fire burner riser.

AVAILABLE TOP COLORS

Note: Each top is individually handcrafted and will vary in color. Colors are representations, refer to an actual sample. For table options, including occasional, dining, café, balcony, and bar options, check out pages 92-95.
**FIRE PITS | AURORA BASE & ACCESSORIES** Features a 3” straight edge profile.

*Note:* Each fire table comes standard with a 12” x 24” rectangular or 20” round 65,000 BTU stainless steel black powder-coated burner, external key valve, match-light ignition, 20 lbs of fire jewelry (select one or two colors), and a black 3/4” fire burner riser. The burner is available as either Liquid Propane (XXX-JLP) or Natural Gas (XXX-JNG)—if one is not selected, the burner will default to the Liquid Propane option.

SANDSTONE TABLES  NATURAL SERIES

Homecrest’s Sandstone tops give your outdoor space a solid foundation. The inspiration for this natural-looking top comes from the Southwestern quarries of the United States. Full of beautiful, rough-hewn detail, Sandstone tops offer years of low-maintenance and architecturally pleasing outdoor enjoyment. With its flawlessly natural look, this durable top will provide the perfect finishing touch for any outdoor furniture set.

Note: Each top is individually handcrafted and will vary in color. Colors are representations, refer to an actual sample. Homecrest Sandstone tables and table tops with an umbrella hole come with a coordinating resin plug. For fire table options, including coffee, chat, dining, and balcony options, check out pages 104 and 105.

### NEED TO CHANGE YOUR DINING TABLE TO A CAFÉ HEIGHT?

The Natural Series 37X dining table base (27.25'' in height) is designed to easily convert to a café table base (29.25'' in height) by adding a Lift Kit (KIT175). Simply attach the hardware to the base frame for an additional 1.75'' in height. The Lift Kit can be removed to convert the café table base back to a dining table base. Lift Kits are available in all finishes.

SHADOW ROCK TABLES NATURAL SERIES

Homecrest’s elegant Shadow Rock tops provide an attractive look and are the perfect complement to any outdoor furniture set. With its beautiful, distinct texture and natural colors, the Shadow Rock top creates a stunning centerpiece for your outdoor area and provides a laid-back atmosphere of relaxation and conversation. Available in several heights, top sizes, and finishes, Shadow Rock features top-quality, American-made components that will withstand weather and can be used season after season.

**Note:** Each top is individually handcrafted and will vary in color. Colors are representations, refer to an actual sample. Homecrest Shadow Rock tables and table tops with an umbrella hole come with a coordinating resin plug. For fire table options, including coffee, chat, dining, and balcony options, check out pages 112 and 113.

NEED TO CHANGE YOUR DINING TABLE TO A CAFÉ HEIGHT?

The Natural Series 37XX dining table base (27.5” in height) is designed to easily convert to a café table base (29.25” in height) by adding a Lift Kit (KIT175). Simply attach the hardware to the base frame for an additional 1.75” in height. The Lift Kit can be removed to convert the café table base back to a dining table base. Lift Kits are available in all finishes.

SHADOW ROCK FIRE TABLES  NATURAL SERIES

The distinct texture and natural colors of Homecrest’s Shadow Rock fire tables complement any outdoor furniture set beautifully. Shadow Rock creates an impressive centerpiece with its elegant design. These handcrafted fire table tops feature subtle texture with a natural edge and are able to withstand the test of time and weather, season after season. Homecrest fire tables offer a powerful burner (up to 65,000 BTUs) and come standard with your choice of fire jewelry, as well as a secure key and black 3/4” aluminum fire burner riser.

AVAILABLE TOP COLORS

71 - PEBBLE
74 - BOULDER
72 - MIDNIGHT

Note: Each top is individually handcrafted and will vary in color. Colors are representations, refer to an actual sample. For table options, including occasional, dining, café, balcony, and bar options, check out pages 108-111.

PRODUCT FEATURE

Every Homecrest fire table features easy propane access, a removable key valve for flame control, and a standard burner riser to keep the table surface cool. We also offer glass guards, which are recommended for use in windy conditions to contain the flame.
FIRE PITS | AURORA BASE & ACCESSORIES  Features a 3” natural edge profile.

Note: Each fire table comes standard with a 12” x 24” rectangular or 20” round 65,000 BTU stainless steel black powder-coated burner, external key valve, match-light ignition, natural gas orifice, 20 lbs of fire jewelry (select one or two colors), and a black 3/4” fire burner riser. The burner is available as either Liquid Propane (XXX-JLP) or Natural Gas (XXX-JNG)—if one is not selected, the burner will default to the Liquid Propane option.

SLATE TABLES NATURAL SERIES

A welcome addition to any outdoor space, Homecrest’s Slate tops feature a rustic elegance that could only be inspired by nature. Cast from the pattern and subtle texture of natural slate and produced using industry-leading technology, Homecrest Slate tops are as beautifully authentic in appearance as they are tough and durable. These smooth-surface tops are a favorite in outdoor spaces across the country and mix seamlessly with pieces from our seating collections.

Note: Each top is individually handcrafted and will vary in color. Colors are representations, refer to an actual sample. Homecrest Slate tables and table tops with an umbrella hole come with a coordinating resin plug. For fire table options, including coffee, chat, dining, and balcony options, check out pages 120 and 121.

### NEED TO CHANGE YOUR DINING TABLE TO A CAFÉ HEIGHT?

The Natural Series 37XX dining table base (27.5" in height) is designed to easily convert to a café table base (29.25" in height) by adding a Lift Kit (KIT175). Simply attach the hardware to the base frame for an additional 1.75" in height. The Lift Kit can be removed to convert the café table base back to a dining table base. Lift Kits are available in all finishes.

SLATE FIRE TABLES NATURAL SERIES

Rustic yet elegant, Homecrest’s handcrafted Slate fire tables are a refreshing addition to any outdoor space. Featuring authentic patterns and subtle textures, these smooth-surface fire tables are cast from natural slate and are available in a variety of colors. Our Slate fire tables are as beautiful as they are durable. Homecrest fire tables offer a powerful burner (up to 65,000 BTUs) and come standard with your choice of fire jewelry, as well as a secure key and black 3/4” aluminum fire burner riser.

AVAILABLE TOP COLORS

73 - DUNE  20 - SEQUOIA  21 - DRIFT  70 - CHAR

Note: Each top is individually handcrafted and will vary in color. Colors are representations, refer to an actual sample. For table options, including occasional, dining, café, balcony, and bar options, check out pages 116-119.

PRODUCT FEATURE

Every Homecrest fire table features easy propane access, a removable key valve for flame control, and a standard burner riser to keep the table surface cool. We also offer glass guards, which are recommended for use in windy conditions to contain the flame.
FIRE PITS | AURORA BASE & ACCESSORIES

Note: Each fire table comes standard with a 12” x 24” rectangular or 20” round 65,000 BTU stainless steel black powder-coated burner, external key valve, match-light ignition, 20 lbs of fire jewelry (select one or two colors), and a black 3/4” fire burner riser. The burner is available as either Liquid Propane (XXX-JLP) or Natural Gas (XXX-JNG)—if one is not selected, the burner will default to the Liquid Propane option.

LOVE OUR SIMPLE & ELEGANT
STONEGATE TOPS
STONEGATE TABLES NATURAL SERIES

Featuring the dramatic beauty of natural rock, our Stonegate tops combine natural elements with modern finishes for style and durability. Stonegate is designed to withstand the elements and is available in many shapes and heights. Its clean simplicity and straight-edge finish gives Stonegate an on-trend appearance and allows it to adapt to a wide range of design applications, whether residential or commercial.

Note: Each top is individually handcrafted and will vary in color. Colors are representations, refer to an actual sample. Homecrest Stonegate tables and table tops with an umbrella hole come with a coordinating resin plug. For fire table options, including coffee, chat, dining, and balcony options, check out pages 128 and 129.

NEED TO CHANGE YOUR DINING TABLE TO A CAFÉ HEIGHT?

The Natural Series 37XX dining table base (27.25” in height) is designed to easily convert to a café table base (29.25” in height) by adding a Lift Kit (KIT175). Simply attach the hardware to the base frame for an additional 1.75” in height. The Lift Kit can be removed to convert the cafe table base back to a dining table base. Lift Kits are available in all finishes.

STONEGATE FIRE TABLES NATURAL SERIES

Stonegate fire tables feature the dramatic beauty of natural rock and a clean, straight-edge finish to create a versatile design. Combining traditional elements with modern finishes, Stonegate is made for style and durability. Personalized with Homecrest’s range of accessories, these fire tables are on-trend yet timeless and perfect for both residential and commercial applications. Homecrest fire tables offer a powerful burner (up to 65,000 BTUs) and come standard with your choice of fire jewelry, as well as a secure key and black 3/4” aluminum fire burner riser.

AVAILABLE TOP COLORS

71 - PEBBLE  
74 - BOULDER  
72 - MIDNIGHT

Note: Each top is individually handcrafted and will vary in color. Colors are representations, refer to an actual sample. For table options, including occasional, dining, café, balcony, and bar options, check out pages 124-127.

INDIVIDUALLY HANDCRAFTED

PRODUCT FEATURE

Every Homecrest fire table features easy propane access, a removable key valve for flame control, and a standard burner riser to keep the table surface cool. We also offer glass guards, which are recommended for use in windy conditions to contain the flame.
**FIRE PITS | AURORA BASE & ACCESSORIES**  Features a 3” straight edge profile.

Note: Each fire table comes standard with a 12” x 24” rectangular or 20” round 65,000 BTU stainless steel black powder-coated burner, external key valve, match-light ignition, 20 lbs of fire jewelry (select one or two colors), and a black 3/4” fire burner riser. The burner is available as either Liquid Propane (XXX-JLP) or Natural Gas (XXX-JNG)—if one is not selected, the burner will default to the Liquid Propane option.

Love our trendy TIMBER TOPS
TIMBER NATURAL SERIES

Cast from beautiful reclaimed wood tables, our popular Timber collection is on-trend and timeless. Using the same technology we use in all Natural Series tops, we are able to achieve a look that is marvelously realistic while retaining the outstanding outdoor performance characteristics you expect from Homecrest. Timber is available in a variety of authentic colors that coordinate with your outdoor space.

Note: Each top is individually handcrafted and will vary in color. Colors are representations, refer to an actual sample. Homecrest Timber tables and table tops with an umbrella hole come with a coordinating resin plug. For fire table options, including coffee, chat, dining, and balcony options, check out pages 136 and 137.

**“Lift Kit”** (Convert Dining to Café Height) KIT175

N/A N/A N/A N/A N/A N/A N/A N/A

---

**Need to change your dining table to a Café height?**

The Natural Series 37XX dining table base (27.5" in height) is designed to easily convert to a café table base (29.25" in height) by adding a Lift Kit (KIT175). Simply attach the hardware to the base frame for an additional 1.75" in height. The Lift Kit can be removed to convert the café table base back to a dining table base. Lift Kits are available in all finishes.

### UMBRELLA BASE PLATE

An umbrella base plate is required when using 23XXX and 33XXX table bases with an umbrella. This zinc-plated, solid-steel umbrella base is available in all frame finishes and attaches to the table base. It can also be used to add weight to any 23XXX and 33XXX table base. To view, refer to page 81.
TIMBER FIRE TABLES  NATURAL SERIES

Individually handcrafted and cast from beautiful reclaimed wood tables, our Timber fire tables look incredibly realistic. A favorite from coast to coast, our versatile Timber fire tables will be the focal point of your outdoor space. Our Timber tops are made with extremely durable materials, allowing them to withstand even the toughest weather conditions. Homecrest fire tables offer a powerful burner (up to 65,000 BTUs) and come standard with your choice of fire jewelry, as well as a secure key and black 3/4” aluminum fire burner riser.

INDIVIDUALLY HANDCRAFTED

PRODUCT FEATURE

Every Homecrest fire table features easy propane access, a removable key valve for flame control, and a standard burner riser to keep the table surface cool. We also offer glass guards, which are recommended for use in windy conditions to contain the flame.
FIRE PITS | AURORA BASE & ACCESSORIES  Features a 3" straight edge profile.

Note: Each fire table comes standard with a 12" x 24" rectangular or 20" round 65,000 BTU stainless steel black powder-coated burner, external key valve, match-light ignition, 20 lbs of fire jewelry (select one or two colors), and a black 3/4" fire burner riser. The burner is available as either Liquid Propane (XXX-JLP or JNG) or Natural Gas (XXX-JLP or JNG)—if one is not selected, the burner will default to the Liquid Propane option.

HOMECREST MARKET UMBRELLAS
CRANK LIFT/AUTO TILT & PULLEY LIFT

Our fiberglass market umbrellas are manufactured using the most resilient materials available. The half-inch thick fiberglass ribs allow the frame to bend and flex easily in windy conditions, while the durable aluminum center pole, maintenance-free resin, and stainless steel parts ensure this umbrella will provide years of worry-free shade. Choose from a heavy gauge pulley system or industry-best crank lift/auto tilt. Our market umbrellas offer commercial-grade quality and durability to any outdoor space.

MARKET UMBRELLA CRANK LIFT/AUTO TILT

This is the ONLY crank lift/auto tilt in the industry designed and warranted for commercial use. Our crank lift/auto tilt market umbrella is engineered to withstand 40 mph sustained winds.

- 316 stainless steel, commercial-grade, 60° tilt crank handle and axle
- 1.5” diameter center pole with a durable 1/8” aluminum wall thickness provides incredible strength and durability
- 1/2” fiberglass ribs and struts for maximum strength and flexibility
- Stainless steel grommets attach the canopy securely to the frame
- 4-layer fabric protection and closed stitching pocket

Note: All umbrella canopy fabrics with a stripe pattern, except Recacril fabrics, must be ordered in even quantities.

CANOPY FABRICS

MARKET UMBRELLA PULLEY LIFT

Our easy glide pulley system is supported by a durable woven cord, which allows you to effortlessly open and close the umbrella.

All of our pulley lift umbrellas are designed with a hook pin to keep the pulley cord out of reach and out of sight. Our pulley lift market umbrella is engineered to withstand 40 mph sustained winds.

- 1.5" diameter center pole with a durable 1/8" aluminum wall thickness provides incredible strength and durability
- 1/2" fiberglass ribs and struts for maximum strength and flexibility
- Smooth and effortless pulley system
- Stainless steel grommets attach the canopy securely to the frame
- 4-layer fabric protection and closed stitching pocket

**BAR HEIGHT POLE OPTION**
A bar height pole is available and adds 10" to the overall height. Use the umbrella model numbers on the left and specify "bar" when ordering.

**Note:** Umbrella clearance dimensions are measured while not mounted in a base. Depending on the selected base, these clearance measurements will change. All dimensions have a +/-5” tolerance based on multiple variables: pin placement height, crank tautness, and fabric weight.
ARBOR UMBRELLA TELESCE

Arbor offers maximum shade and weather protection for commercial environments. Its 9 oz. marine-grade acrylic canopy is supported by reinforced extruded aluminum ribs that connect to a 4” mast. Every detail of this premium giant center-post umbrella ensures that the Arbor will withstand even the harshest conditions. The commercial-grade telescoping crank mechanism allows for effortless opening and closing of the umbrella without having to move any furniture underneath. Umbrellas comparable to Arbor in size and weight almost always require a permanent installation. Arbor is one of the only large shade structures in the industry with a semi-permanent and non-permanent mount available. This umbrella not only looks spectacular, but is a practical shade solution in a number of commercial applications.

• As the telescoping Arbor cranks down, the top portion of the mast rises, allowing you to completely close the umbrella without having to move any furniture placed underneath
• The 4” diameter aluminum center pole with four internal strength channels, combined with the extruded aluminum ribs, provides exceptional support and strength
• For easier installation of an umbrella this large, Arbor mounts to a hinged spigot. This allows for the umbrella mast to be placed onto the spigot while the unit is on its side, prior to raising it to an upright position
• Reinforced grommets paired with an ultra-durable woven nylon wrap prevent the chance of fabric tearing from the frame
• Engineered to withstand 50-60 MPH sustained winds
• Maintenance-free stainless steel hardware

Note: Umbrella clearance dimensions are measured while not mounted in a base. Depending on the selected base, these clearance measurements will change. All dimensions have a +/- 5” tolerance based on multiple variables: pin placement height, crank tautness, and fabric weight.

CANOPY FABRICS
Ranging from patterns to solids, visit page 154 for information on available canopy fabric options!

ARBOR POLE COLOR

MATTE SILVER

Available in: Umbrella
This umbrella combines style with size, strength, and durability to provide a lasting solution to your shade needs. The Soren cantilever umbrella is available in a 13’ octagon and a 10’ square with five base options. Its 360° rotation and infinite tilt system allow for easy opening and closing, while providing complete shade flexibility. Heavy gauge extruded aluminum and stainless-steel parts on a marine-grade, corrosion-resistant aluminum frame ensure the Soren is ideal for both commercial and residential environments. Choose from among dozens of high-quality fabrics for a beautiful, low-maintenance shade solution!

- Full 360° rotation and the infinite tilt system allow for countless tilt angles, providing hours of maximum shade regardless of the position of the sun
- Maintenance-free stainless steel hardware
- The crank lift is built for commercial use and is designed for smooth and effortless operation in any environment
- The mast and all critical joints are extruded aluminum, ensuring unmatched strength and durability
- Engineered to withstand 35 MPH winds; the included wind stabilizer kit increases this by 5 MPH
- Multiple mounting options are available, either permanent or semi-permanent, for installation on any surface

HOMECREST FABRICS
SENSATION & OTHER SLINGABLE FABRICS

Design matters. Without great fabrics, outdoor spaces lack meaning and inspiration. The perfect combination of color, texture, and pattern not only adds beauty, but has the power to invigorate and rejuvenate. Our exclusive Sensation slingable fabrics are as innovative as they are beautiful. In addition to our complete sling offerings, Homecrest has partnered with Sunbrella®, Outdura®, and Brisa® to offer exclusive fabric options that feature unparalleled performance and durability without sacrificing design. These fabulous collections help you create a beautiful custom outdoor space tailored to your design aesthetic.

For design ideas and inspiration, visit our website. To help you visualize and customize your chair or fire table, use our Interactive Design Center at design.homecrest.com. Here you’ll have the opportunity to: (1) pick your frame, (2) choose your finish, (3) select your fabric, and (4) view, print, and buy.

Five-Year Double Layer Sling Residential Warranty
Homecrest Outdoor Living offers a five-year residential warranty on the celebrated Homecrest double layer sling. Homecrest’s patented sling and padded sling designs have been the industry’s most comfortable and durable sling products for decades, and customers can now enjoy the longest consumer warranty protection of any sling or padded sling on the market. Our five-year residential warranty applies to all new Homecrest chairs sold with a double layer sling or padded sling design, including air products that feature our double layer sling technology.

SEATING OPTION & FABRIC SELECTION GUIDE

A  Air | Homecrest air collections feature the appearance and comfort of deep seating in a foam-free, cushionless construction. Luxurious and exclusive Sensation sling fabrics are used for the ultimate in low-maintenance comfort, and also feature benefits such as exceptional shape retention and surface memory. The air sling is a double layer design that is extremely comfortable and field-replaceable. All double layer slings carry a five-year residential warranty.

S  Sling | The Homecrest-pioneered sling is constructed of two layers for unmatched comfort and support. Our durable sling is easily replaceable and available in a variety of outdoor fabrics, including our exclusive Sensation slings. Minimal maintenance and comfortable design continues to make the Homecrest sling a #1 choice from coast to coast. When selecting a Homecrest sling seating option (except for Allure and Elevate), a welt or binding selection is required. Welting will match the frame finish unless an alternate is selected. Slings utilize the same fabric on the front and back for an attractive look. All double layer slings carry a five-year residential warranty.

PS  Padded Sling | Our padded sling seating option features a triple layer sling with slight padding for added comfort. This attractive chair, with distinctive silhouette stitching, gives you not only a comfortable sit, but also a stylish addition to your outdoor space. The padded sling seating option expands your fabric options to include Outdura®, Tempotest®, Sunbrella®, and Brisa® acrylic and leather-inspired outdoor fabrics. For the padded sling seating option, select an acrylic or leather-inspired outdoor fabric for the front and a Homecrest sling fabric for the back. Like the sling seating option, our padded sling requires a welt or binding selection. Welting will match the frame finish unless an alternate is selected.

C  Cushion | Our durable cushions provide additional comfort in a fast-paced world. The cushion seating option includes UltraCore™, DreamCore™, Luxe Outdoor, dining cushions, removable cushions, and padded seats. Homecrest cushions are extremely comfortable and weather resistant.

W  Welt | Welting or binding will match the frame finish unless an alternate is selected.

HOW TO READ A HOMECREST FABRIC LABEL & MAKE ORDERING EASY

When choosing a fabric for the product selected, seating option coding will confirm the availability. Please indicate the fabric grade and follow the “ordering process” instructions for that fabric.

Fabric Name
Grades:
A = $ and B = $$
Note: Fabrics are separated into different grades based on their construction characteristics (types of yarns, dyes that were used, weave intricacy, etc.). While grade A fabrics cost less than grade B fabrics, this doesn’t indicate the quality of the materials used.

Carbon
Grade A
Fabric Content: PVC
S  Sling - This fabric will be used for the front and back of a sling (S). On many Homecrest sling collections, a welt (W) is also required.
PS  Padded Sling (Back Only) - This fabric is an option for the back of a padded sling only.
W  Welt - This fabric is a welting (W) fabric.

Note: For ordering tips, see the inside back cover.

Ordering Tips:
A  Air - Sensation sling fabrics will be used for the front and back of air (A) collections. A welt fabric is not required.
S  Sling - Sling fabrics will be used for the front and back of a sling (S). On many sling collections, a welt (W) is also required. If a welt is NOT selected, it will default to the frame finish.
PS  Padded Sling - The padded sling (PS) front is available in acrylic and leather-inspired fabrics only. A Homecrest sling (S) fabric is required for the back. If a back or welt (W) fabric is NOT selected, it will default to the frame finish.
W  Welt - On many sling collections, a welt (W) is required. If a welt fabric is NOT selected, it will default to the frame finish. Some fabrics are available in both sling (S) and welt fabrics, creating a seamless or self-welted look.

Denotes what seating option the fabric is available on.
For nearly 70 years, Homecrest has built its reputation on quality, innovation, and comfort. One landmark example of this was our introduction of the Sensation sling in 2002. As pioneers in the elastomeric fabric category, we have more than 15 years of experience building Sensation sling furniture; to this day, there is nothing that comes close to the maintenance-free comfort, memory, colorfastness, and longevity of a Homecrest Sensation chair.

Sensation slings are constructed using an elastomeric yarn that is woven together with normal PVC sling fibers, creating a material that has amazing stretch characteristics for comfort, and outstanding memory for fabric longevity. If you have never sat in a Sensation sling chair, you really need to—the difference in comfort between a Sensation sling and a standard PVC sling is remarkable. The fabric stretches and moves according to the frame of the person sitting in it, while providing excellent support and comfort. Once the chair is vacated, the memory of the elastomeric fibers causes the fabric to return to its smooth, clean profile.

Sensation slings also have an incredible strength story to tell. All of Homecrest’s standard sling products go through 50,000 cycles of drop-testing, which in itself is remarkable, but Sensation slings go well over 90,000 cycles without damage. Our testing has also shown that Sensation fabrics promote the structural integrity of the metal frames used in chair construction, as the elastomeric characteristics absorb much of the shock that would normally be borne by the supporting frame.

As for maintenance, Sensation fabrics just can’t be beat. There’s no such thing as a ‘dry time’ after rain—if a Sensation seat needs to be used immediately after a storm, towel it off and it’s ready to go. Likewise, cleaning is a breeze, and the Sensation fabrics’ incredible colorfastness makes them look showroom-ready, year-round.

At Homecrest, we use Sensation fabrics on deep seating and dining furniture alike. Whether on a single chair or a giant sectional, all Sensation products feature double layer slings. Plus, our air collections’ unique ‘cushionless’, foam-free construction brings together the very best in comfort, style, and maintenance-free outdoor living.

SLINGABLE FABRICS

Homecrest sling (S) fabrics can be used on all sling seating collections with the exception of Homecrest air (A) collections. Products that indicate air as a seating option are only available in Homecrest’s Sensation slings. Homecrest’s double layer sling has both a welted design and non-welted design, signified by the collection. The sling fabric will be the same on the front and the back unless a padded sling is selected.

The padded sling (PS) seating option is only available in acrylic and leather-inspired fabrics, also know as cushion (C) fabrics, but require a sling back fabric selection and a welt (W). Look for sling fabrics with the (W) symbol for welting. The welt color will always default to the frame finish welt color unless an alternate is selected.

Available in: Sling | Welt

Turn the page to view more fabric options!
**WELT FABRICS**

Homecrest’s industry-leading slings and padded slings are constructed using welting. You may select a welting color below to coordinate with your fabric; if no welt fabric is selected, it will default to match the frame finish. These options can also be used as slings and backing for padded slings.

![Welt Fabrics](image)

**Available in:** Sling | Welt

**DESIGN TIP**

Want something sleek and monochromatic? Choose just one of these fabrics for your sling front, back, and welt to create a self-welted look. To visualize this look, visit our Interactive Design Center at design.homecrest.com.

---

**PADDED SLING, CUSHION, & UMBRELLA FABRICS**

Experience the ultimate in style and selection with several resilient outdoor padded sling, cushion, and umbrella fabric options. With a wide variety of colors, textures, and patterns available, you can choose the look that suits you. To view our entire list of available fabrics, simply scan the QR code on the right!

**OUTDURA® FABRICS**

Homecrest has partnered with Outdura to offer Homecrest dealers and consumers more exclusive fabric options. With the addition of these durable and fashion-forward fabrics, you’ll be sure to create an outdoor space that speaks your style.

**TEMPOTEST® FABRICS**

Designed for any outdoor space, Tempotest fabrics combine the resistance and performance of solution-dyed fabric with style and color. These fabrics are treated with Teflon® Extreme, which provides stain resistance, easy cleanability, and minimal maintenance.

**BRISA® LEATHER-INSPIRED FABRICS**

Brisa leather-inspired outdoor fabrics are available on our cushion and padded sling seating options. For padded slings, we recommend selecting a coordinating solid sling welt/back for a seamless look (i.e. Polar front and Glacier welt/back).

**RECACRIL® UMBRELLA FABRICS**

Recacril canvases are high-performance fabrics made from fade-resistant, solution-dyed acrylic specially designed for umbrella canopies. All of these marine-grade fabrics undergo rigorous quality assurance testing, have an outer surface finish, and are treated with a specific process that makes the fabric waterproof. These easy-to-clean fabrics are mold and mildew resistant.

*Note:* Recacril stripe fabrics can only be sewn horizontally. For additional umbrella canopy fabric options, look for the “U” symbol in the other fabric collections. Sunbrella fabrics are available as COM fabrics and may have longer lead times.
ANTIMICROBIAL PROPERTIES

One of the great things about Homecrest Outdoor Living furniture is that it’s designed to last for years and perform in any environment. Our products owe this in part to being antimicrobial and easily cleanable.

Homecrest’s antimicrobial design starts with our fabric. All of our fabric types are bleachable with the use of a safe bleach cleaning solution, but antimicrobial features go further than that for our most popular fabric types.

For one, our double-layer sling seating—which is known for its high level of comfort—is constructed of antimicrobial-rated, Microban-infused material. And of course, these slings can also be safely bleached without harming their appearance or integrity. This means that our sling seating not only naturally prevents the lingering and transmission of dirt and germs, but it can also easily be cleaned between uses for added protection.

Beyond fabrics, we also have added protections for all of our cushioned seating. With our DreamCore™ and UltraCore™ cushions, we include a ticking fabric underlayment beneath the product’s exterior. This underlayment prevents transmission of any foreign materials or fluids into the cushion foam. This ensures that cleaning the outer layer of fabric is all the maintenance needed in order to keep our cushioned products hygienic.

Finally, we finish our aluminum frames with a special powder-coating paint. Besides creating an even layer of color, this process makes our frames completely non-porous. In contrast to other materials used in the outdoor furniture industry, such as wood or natural fibers, our powder-coated aluminum frames can be effectively wiped and bleached clean.
FINISHES

All Homecrest outdoor furniture is completely coated with a textured powder-coat finish. Known as an industry leader for our state-of-the-art paint line, our eco-friendly finishing department uses modern powder-coat frame finish colors on all of our furniture frames, tables, and bases. With Homecrest’s experience and technology, your outdoor space will endure the seasons, year after year.

REPLACE. REVIVE. RE-LOVE.

REPLACEMENT SLINGS, CUSHIONS, & PARTS

Whether you’re looking for slings, cushions, pillows, paints, or parts, with Homecrest Outdoor Living’s exclusive replacement program, you can easily revitalize your existing Homecrest outdoor furniture. Replacements for our outdoor furniture are available for both current and discontinued products. Replacements for many of our classic outdoor furniture collections are still available today, including our vintage wire frame collections.

NEED HELP IDENTIFYING A PRODUCT?

Homecrest has made it easy to determine which collection your product is a part of. Here are three tools to help you with the identification of your product:

The Catalog Archive, found at homecrest.com/catalog-archive, is an invaluable tool for identifying replacements for resilient Homecrest outdoor furniture by allowing you to look through past catalogs. With the model number identified, use the Model Identification Guide to direct you to the replacement number needed.

The Model Identification Guide, found at homecrest.com/model-identification, allows you to search (Ctrl-F) by model number, collection name, year of purchase, and product type (i.e. glider, swivel rocker, etc). Once you have found your product, refer to the “Replacement #” column to find the replacement number you need to use when placing an order. Note: Replacement arm and floor glides are also listed.

Products manufactured after 1998 have a manufacturing decal, which is located on the product’s metal frame. On the manufacturing decal, there is a set of digits. The first two digits indicate the week of the year the product was produced, the next set of digits represent the product’s model number, and the last two digits are the year the product was produced. With the model number identified, use the Model Identification Guide to direct you to the replacement number needed.
The majority of replacement baskets are low back and high back sling chairs that Homecrest has produced over the years. These chairs utilize four different replacement slings. Here is a quick way to identify replacements needed for these four types of chairs.

- Determine if your chair has an external or internal cross bar and if your chair is a high back sling or a low back sling.

- Select your sling style. **Note:** A sling replacement tool is included with each order.

**HOW TO DETERMINE THE FABRIC YOU NEED**

Reference swatch labels or the fabric index in both the catalog and price list to identify fabrics that are available for your type of replacement. You can view an example of the fabric label on page 151.

**ASSEMBLY OF REPLACEMENTS**

There are several how-to guides and videos available at [homecrest.com/replacements](http://homecrest.com/replacements) that will assist you with the assembly of your slings and padded slings.

Need help visualizing these options? Visit the Interactive Design Center at [design.homecrest.com](http://design.homecrest.com) to create the look that fits your style! **Note:** Colors are representations, please refer to an actual sample.
From early ottomans, to the original swivel rocker, to one of today’s leading outdoor furniture manufacturers, the Homecrest brand has been an industry favorite since 1953. Homecrest combines a rich history of quality and classic design with today’s demand for affordable luxury and versatile living. Over the years, Homecrest’s focus has broadened to encompass the increasing demands of sophisticated, style-driven consumers seeking to complement their homes’ interior designs and create a seamless flow between indoor and outdoor living spaces.

1953
Homecrest begins in the back warehouse of a furniture store making a Hassock ottoman.

1956
Homecrest patents a swivel rocker mechanism and introduces it on an indoor chair, which brings growth to the company.

1960
Homecrest enters the outdoor casual market with a wire frame café chair.

1962
Well-known models like the 36 and 90 chairs are introduced.

1966
Homecrest’s growth inspires a variety of both indoor and outdoor collection designs.

1968
Homecrest adds a padded sling option to the growing list of collections.

1971
Vinyl strap is a growing category, bringing new color and style. The growing wire frame collection Edina, in the popular Holly Hill fabric pattern, is widely retailed across the country.

1983
Homecrest introduces the double layer sling, which provides unsurpassed comfort. The double layer sling is unique to the industry and is still in use today.

1985
Homecrest retires the wire collection, yet continues to offer replacement cushions and slings today for most collections, including vintage wire.

1988
The introduction of the Holly Hill cushion collection allows Homecrest to offer a wider variety of low-maintenance aluminum pieces to fit the needs of a growing market.

1991
Homecrest enters the outdoor casual market with a wire frame café chair.
2000
Homecrest moves into a new state-of-the-art manufacturing facility, which remains home today. All products continue to be proudly engineered and manufactured in the USA.

2001
Homecrest receives the Manufacturer Leadership Award for the fifth time.

2002
Homecrest takes the comfort of the double layer sling to the next level with the use of Sensation stretchable fabrics. Another industry first.

2004
The Holly Hill sling collection is named a Consumers Digest Best Buy.

2009
Homecrest introduces the industry’s first swivel rocker balcony stool.

2011
The innovative Airo², a cushionless deep seating group, is introduced to the industry. Airo² offers the comfort of a cushion with the easy care of a sling.

2013
Taking Inspiration from Homecrest’s 1960s B99 chair, Homecrest launches the Bellaire collection.

2015
It was an exciting new product launch year at Homecrest with fashion-forward styles that continue to speak comfort. A few introductions include Grace deep seating, Grace sling, and over 100 fire table combinations.

2016
The nostalgia of a long-time Homecrest customer favorite prompted Homecrest to introduce the Liberty Barrel Chair.

2017
Homecrest introduces Elements air and Grace air. This newly expanded category brings the most revolutionary seating collections to hit the outdoor furniture market in years. The new Air design builds on the Airo² collection and the popular and proven double layer sling design Homecrest is well-known for.

2018
This year marks Homecrest’s 65th anniversary, and they continue to design and manufacture products in Wadena, Minnesota. Homecrest introduces the five-year warranty on all double layer slings, as well as three “Designed with Weight” sling collections.

2019
Homecrest introduces new HDPE and aluminum mixed material collections, Eden and Maddox.

2020
Homecrest introduces three mid-century modern collections in air and cushion categories.

Made in the USA
HOMECREST LIMITED WARRANTIES

Product must be registered at myhomecrest.com to activate warranty.

Homcrest Outdoor Living, LLC (Homcrest) is devoted to providing consumers with industry-leading comfort and quality. With nearly 70 years of experience in manufacturing outdoor furniture, we are widely known for our comfort, style, and quality. Our suppliers, manufacturing team, and sales personnel are devoted to making your experience with our products an enjoyable one.

Homcrest’s Residential Limited Warranties apply to Homcrest products used in a residential setting only. Homcrest’s Commercial Limited Warranties apply to Homcrest products used in a commercial setting only. All warranty periods are based on the original purchaser’s date of purchase and are not transferable. All warranties apply only to products shipped from the factory after January 1, 2008 (product codes ending in –08 or later). The purchaser must comply with the required warranty registration as explained. There is no warranty in existence if there is failure to register. Product warranties must be registered at myhomecrest.com within 60 days of purchase for warranty to be activated. A copy of the original sales receipt and the product code must be submitted with all warranty claims (photos may also be required). Any repair of the Product undertaken without prior written authorization from Homcrest will void this warranty. Warranty for any refinishing or replaced Product shall be only for the remainder of the warranty period applicable to the original product.

**These limited warranties are in lieu of all other express or implied warranties and express the sole and exclusive liability of Homcrest except as expressly stated herein. There are no other warranties or guarantees, oral or written, express or implied, from any course of dealing or usage of trade. All such implied warranties, including any warranties of merchantability or fitness for intended purpose, are expressly disclaimed. These limited warranties may not be modified, extended, or enlarged by any representative of Homcrest or intermediate sales associate or agent.**

These warranties give you specific legal rights. You may also have other rights which may vary from state to state. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you.

**WHAT OUR WARRANTIES COVER**

**Aluminum and Steel Frames (excluding Umbrella frames) | 15 years residential and 5 years commercial** | Aluminum and steel frames are covered from structural failures for 15 years of residential use and 5 years of commercial usage. If the frame fails during the 15 years residential or 5 years commercial under normal usage and it is not the result of abuse or an act of God, Homcrest will repair or replace the frame at the manufacturer’s discretion. If replacement is required and your original frame is no longer manufactured, we will replace it with a similar product. Homcrest will pay the warranty freight if within the first year in the Continental United States. Return of product will not be accepted without prior written approval.

**HDPE Surfaces | 15 years residential and 5 years commercial** | HDPE surfaces (table tops and benches) are covered from significant warpage and structural failures for 15 years from date of purchase of residential use and 5 years of commercial usage. If the frame or HDPE surface fails, or the HDPE surface significantly warps, during the 15 years residential or 5 years commercial under normal usage and it is not the result of abuse or an act of God, Homcrest will repair or replace the frame, or the HDPE component, at the manufacturer’s discretion. If replacement is required and your original frame or HDPE surface is no longer manufactured, we will replace it with a similar product. Homcrest will pay the warranty freight if within the first year in the Continental United States. Return of product will not be accepted without prior written approval.

**Fire Table Burners | Crossfire® burner 15 years residential and 5 years commercial and Crystal Fire burner 2 years residential and 1 year commercial** | Of our two styles of fire table burners, the Crossfire burners (brass 24” round and 12” x 24” rectangle) are warranted for a period of 15 years of residential use and 5 years of commercial usage. Our Crystal Fire burners (stainless steel 12” round, 24” round, and 12” x 24” rectangle) are warranted for a period of 2 years of residential use and 1 year of commercial usage. For both versions, the warranty is limited to the replacement or repair of defective components or workmanship. Homcrest will pay the warranty freight if within the first year in the Continental United States. Return of product will not be accepted without prior written approval. If replacement is required and your original product is no longer available, we will replace it with a similar product.

**Umbrella Canopies | 10 and 5 years residential and 7 and 2 years commercial** | Umbrellas manufactured with Recacril fabric are warranted for 10 years of residential use and 7 years of commercial usage when maintained per the recommended care and maintenance instructions. All other upholstery grade fabrics will carry a warranty for 5 years of residential use and 2 years of commercial usage when maintained per the recommended care and maintenance instructions. In the event replacement is required, Homcrest will replace the canopy with the same (if available) or comparable fabric based on manufacturer’s discretion (installation labor not included). Homcrest will pay the warranty freight if within the first year in the Continental United States. Return of product will not be accepted without prior written approval.

**Painted Surfaces (peeling, flaking, or blistering) | 5 years residential and commercial** | Painted frame surfaces are covered against peeling, flaking, or blistering for a period of 5 years for both residential and commercial usage. If the painted surface peels, flakes, or blister and the furniture has been maintained per the recommended care and maintenance instructions, Homcrest will repair or replace the frame at the manufacturer’s discretion. If replacement is required and your original product is no longer manufactured, we will replace with a similar product. Homcrest will pay the warranty freight if within the first year in the Continental United States. Return of product will not be accepted without prior written approval.

**Double Layer Slings and Padded Slings | 5 years residential and 2 years commercial** | The fabrics used on our double layer slings and padded slings are warranted against tearing, discoloration, or excessive fading for 5 years of residential use and 2 years of commercial usage when maintained per the recommended care and maintenance instructions. In the event a replacement is required, Homcrest will replace the double layer sling or padded sling with the same (if available) or comparable fabric based on manufacturer’s discretion (installation labor not included). Homcrest will pay the warranty freight if within the first year in the Continental United States. Return of product will not be accepted without prior written approval. Double layer slings and padded slings 5 year residential and 2 year commercial warranties are valid on product purchased after March 1, 2017.
Umbrella Frames | 3 years residential and commercial | The frame structures of Homecrest Soren, Arbor, and Market umbrellas are covered from structural failures for 3 years of both residential and commercial usage. Warranty includes manufacturer defects to the notch, runner, center pole, and skeleton structure. Warranty DOES NOT INCLUDE damages sustained to these umbrella frames while in any degree of tilt. Homecrest will repair, replace, or provide replacement parts at the manufacturer’s discretion. If replacement is required and your original product is no longer manufactured, we will replace it with a similar product. Homecrest will pay the warranty freight if within the first year in the Continental United States. Return of product will not be accepted without prior written approval. This warranty is not valid on umbrella frames purchased prior to September 1, 2020.

Natural Series Table Tops | 3 years residential and 1 year commercial | Natural Series table tops are warranted against structural failures, finish cracks, and blisters for 3 years of residential use and 1 year of commercial usage. Failure to properly maintain the table top or store it properly during inclement weather will void the warranty. If the table top fails or the finish cracks or blisters during the warranty period, we will repair, refinish, or replace the top. Homecrest will pay the warranty freight if within the first year in the Continental United States. Return of product will not be accepted without prior written approval.

Vinyl Straps | 3 years residential and 1 year commercial | Vinyl strapping is warranted from discoloration or breakage for 3 years of residential use and 1 year of commercial usage. In the unlikely event that the strap significantly discolors or breaks, Homecrest will supply replacement strap (installation labor not included). Glider bearing hangers are warranted against failure for 3 years of residential use and 1 year of commercial usage. In the unlikely event a bearing hanger fails, Homecrest will supply a replacement hanger (installation labor not included).

Woven | 3 years residential and 1 year commercial | Homecrest Woven products are covered against fading, cracking, and structural failure for 3 years of residential use and 1 year of commercial usage. If replacement is required and your original product is no longer available, we will replace it with a similar product based on manufacturer’s discretion (installation labor not included). Homecrest will pay the warranty freight if within the first year in the Continental United States. Return of product will not be accepted without prior written approval.

Cushions | 2 years residential and 1 year commercial | The fabrics used on our cushions are warranted against tearing, discoloration, or excessive fading for 2 years of residential use and 1 year of commercial usage when maintained per the recommended care and maintenance instructions. In the event replacement is required, Homecrest will replace the cushion with the same (if available) or comparable fabric based on manufacturers discretion (installation labor not included). Homecrest will pay the warranty freight if within the first year in the Continental United States. Return of product will not be accepted without prior written approval.

Miscellaneous Items | 1 year residential and commercial | The finish on coiled steel spring rocker mechanisms, plastic parts, flex plates, glides, swivel inserts, and umbrella bases is warranted for 1 year of both residential and commercial usage when maintained per the recommended care and maintenance instructions. Homecrest will repair or replace the product at the manufacturer’s discretion. Homecrest will pay the warranty freight if within the first year in the Continental United States. Return of product will not be accepted without prior written approval. If replacement is required, and your original product is no longer available, we will replace with a similar product.

Replacement Program | 1 year residential and commercial | All slings, cushions, parts, etc. purchased online through shop.homecrest.com or through a retailer carry a 1 year warranty from date of purchase when maintained per the recommended care and maintenance instructions. In the event replacement is required, Homecrest will replace the product with the same (if available) or comparable fabric based on manufacturer’s discretion (installation labor not included). Homecrest will pay the warranty freight if within the first year in the Continental United States. Return of product will not be accepted without prior written approval.

WHAT OUR WARRANTIES DO NOT COVER
These Limited Warranties are restricted to failures resulting only from normal usage and natural weathering and will not cover damage or failure of product attributable to:

- Acts of God, falling objects, fire, explosions, external forces, or any similar physical damage.
- Failure caused by misuse or lack of appropriate care and maintenance of the products (including rust). Refer to the care and maintenance instructions.
- Damage caused by caustic chemicals and/or power washers.
- Products shipped from the previous factory prior to January 1, 2008.
- Glass and acrylic table tops.
- Vinyl furniture covers.
- Showroom samples and factory outlet purchases.
- Normal fading of fabrics, straps, and painted surfaces.
- Bursting and cracking of tubing and extrusion caused by exposure to moisture and freezing temperatures.
- Return freight after one year.
- Salt water exposure—due to the demands of salt air, weekly cleaning and quarterly waxing of painted surfaces must be maintained to prevent finish blisters and corrosion. Failure to carefully follow our care and maintenance instructions will void the warranty.

CLAIMS PROCEDURE
In the event that a warranty claim file needs to be opened, contact your local Homecrest retailer/commercial dealer to facilitate the process. If a local retailer/commercial dealer is not available, you may also contact Homecrest via our website by going to myhomecrest.com. Warranty for any refinished or replaced product shall be only for the remainder of the warranty period applicable to the original product. During the warranty process, you may be required to either return the defective merchandise or provide proof of destruction. Working through your local retailer/commercial dealer is highly recommended, when possible. Many of our retailers/commercial dealers can fix and/or handle issues immediately, saving you both time and expense in the warranty process.

FREIGHT
All Homecrest furniture is delivered to the carrier in factory new condition. Claims for damage or losses that occur during shipping must be noted at the time of delivery and filed with Homecrest. Send written notice of the claimed condition to Homecrest Outdoor Living, LLC, 1250 Homecrest Avenue, Wadena, MN 56482.

Note: For product care and maintenance instructions, please visit www.homecrest.com/FAQ.
