ANTHEM

DREAMCORE™ + ULTRACORE™ CUSHION | ALUMINUM

Homecrest's Anthem cushion collection showcases bent aluminum extrusions and minimal welded joints, offering both aesthetic appeal and robust durability. The design features gentle curves and two luxurious cushion options, reflecting Homecrest's heritage of metal bending and uniquely comfortable seating. Anthem exemplifies the American-made craftsmanship for which our company is renowned.

DREAMCORE™ + ULTRACORE™ CUSHION | ALL-WEATHER POLY

Our Ava collection seamlessly blends modern sophistication with the beauty of nature. Ava's architectural A-frame profile boasts a rustic charm while offering the unmatched durability of our all-weather poly (HDPE) material. Visually resembling natural wood, this sturdy HDPE frame will stand the test of time against the elements without compromising on style. Two sumptuous cushion options beckon you to unwind in your outdoor sanctuary.

DREAMCORE™ + ULTRACORE™ CUSHION | ALUMINUM

Elevate your outdoor seating experience with our Blair collection. Blair redefines relaxation with its luxurious cushions and sleek metal back design. The 8" cushions are available in either DreamCore, which offers a fuller, softer sit, or UltraCore, which provides a streamlined look and firmer support. Crafted with precision and strength in mind, Blair's all-aluminum frame ensures longevity and stability for years to come. Blair offers a variety of versatile, modular pieces that allow for unlimited configurations, letting you create arrangements tailored to your unique needs.

*Units are not standalone pieces. We recommend using end units with arms on all modular configurations due to exposed brackets on armless versions.

Select any one of our durable finishes for Blair's metal frame. Blair's frame is completely coated with a textured powder-coat finish. Known as an industry leader for our revolutionary paint line, our eco-friendly finishing department uses modern powder-coat frame finish colors on all of our furniture frames, tables, and bases. With Homecrest's experience and technology, your outdoor space will endure the seasons, year after year. Visit our website for frame finish information and options.

COLLECTION WATCH

Like the look of Blair's slat metal collection, but want a fully upholstered option? Check out Blair's coordinating slip cover collection shown on pages 18 and 19!

Note: Striped fabrics are not recommended.

BLAIR SLIP COVER

DREAMCORE™ + ULTRACORE™ CUSHION | ALUMINUM

Create the ultimate retreat with the refreshing style of our Blair collection. This deep seating series combines sophistication and comfort with fully upholstered backs and supremely comfortable DreamCore and UltraCore cushion technology. Outdoor elegance is effortless with this robust collection of modular and freestanding pieces, perfect for creating versatile seating arrangements. Whether you are selecting furniture for a home patio or a lively commercial space, Blair's pieces can be configured into anything from cozy conversation sets to plush, sprawling sectionals. Best of all, each frame, cover, and cushion is crafted by our skilled team in the USA.

*Units are not standalone pieces. We recommend using end units with arms on all modular configurations due to exposed brackets on armless versions.

Select a solid color acrylic fabric or sling fabric (look for — the "S" icon) for the back of the Blair slip cover pieces.

The cushion fabric can be the same as the back fabric or a coordinating color or pattern. Visit our website for fabric information and options.

Note: When used for the back, solid color fabrics that have a woven texture or pattern will run the opposite direction of the cushion fabric. Sensation slings are not available for the back.

COLLECTION WATCH

Like the look of Blair's slip cover collection, but want a sleek metal back option? Check out Blair's coordinating metal slat back collection shown on pages 16 and 17!

Note: Striped fabrics are not recommended.

BLAIR AIR

SENSATION SLING | ALUMINUM

The Blair air collection features the look and feel of a deep seating piece in a foam-free, cushionless construction. Luxurious Sensation sling fabric is used for the ultimate in low-maintenance comfort and also features benefits such as exceptional shape retention and surface memory. Blair air offers a versatile, stylish, and durable solution for your outdoor seating needs and coordinates with Blair sling and cushion collections.

BLAIR

SLING + PADDED SLING | ALUMINUM

Blair sling offers clean lines and an open design, making it endlessly adaptable across all environments and design preferences. Its gentle minimalism allows it to stay current and fresh, even as trends evolve over time. Solid aluminum and Homecrest's signature comfort make Blair a collection that is equally at home in commercial spaces and residential environments. When looking to furnish multiple areas at work or at play, complement Blair sling with its coordinating air and cushion collections.

NEED MORE WEIGHT?

Homecrest's patent-pending, zinc-plated steel Swivel Rocker (KIT90) and Dining Chair (KIT91) Wind Kits add an additional 10 lbs. Kits are easy to install and are available in all finishes.

CUSHION | ALUMINUM

The Boden collection's clean, architectural lines and tubular frame offer a bold, modern silhouette. Its seamless curves and integrated armrests create a sense of flow, while the plush, High Resilient cushions invite you to sit back and breathe deeply. Boden's sleek lines and contemporary appeal are matched by exceptional durability and weather resistance. Crafted with powder-coated aluminum and all-weather cushions, Boden is made to withstand the elements while offering luxurious comfort season after season.

BRIDGER

ALL-WEATHER POLY | ALUMINUM

Elevate your outdoor dining experience with the Bridger collection. Constructed with a powder-coated aluminum frame and durable all-weather poly (HDPE) top and seats, Bridger visually resembles natural wood but eliminates the upkeep and maintenance that comes with it. Transform your outdoor space with this sturdy picnic table that combines robust design and practical elegance.

PRODUCT FEATURE

Bridger's planks feature color consistency throughout the cross section and are manufactured from high-quality recycled HDPE (High Density Polyethylene) to create long-lasting polymer lumber. HDPE is a low-maintenance, environmentally friendly product that features a textured surface that doesn't rot or splinter, doesn't require paint or stain, and is resistant to termites, fungus, salt, and oils.

WOVEN + CUSHION | ALUMINUM

Featuring a powder-coated aluminum frame and smooth woven material, the Capri collection offers long-lasting style and comfort. Capri is available in dining and chat chairs designed to enhance your space with coastal warmth and grace. Made from high-quality materials, it withstands high-traffic use and resists the elements for years. The eco-friendly aluminum frame is recyclable, and the all-weather cushions provide comfort and style.

WOVEN | STEEL

Sleek design meets functional elegance in the Casper collection. Made with high-quality materials, it offers excellent weather resistance and durability in high-traffic areas. Casper's eco-friendly steel frame is recyclable, while its innovative woven mix of rope and resin adds visual appeal. This collection features a lightweight, low-maintenance construction that allows for easy maneuverability and stress-free enjoyment. Ideal for outdoor dining areas or poolside settings, Casper's versatile design complements any space.

EDGE AIR

SENSATION SLING | ALUMINUM

Edge air provides the luxurious comfort of deep seating with a modern, foam-free innovation. Air technology's cushionless construction allows for low-maintenance, quick-drying convenience, even in climates with the most intense rainfall. These armless pieces exhibit sleek, contemporary appeal, making them suitable for a wide range of design aesthetics.

ELEMENTS

DREAMCORE™ + ULTRACORE™ CUSHION | ALUMINUM

With Homecrest's Elements cushion collection, you no longer have to choose between style and comfort. This bold deep seating series merges the fresh, transitional design of Homecrest's popular Elements sling collection with the supreme comfort of our cushion technology. The luxurious seats and backrests feature High Resilient foam, ensuring durability, longevity, and unmatched comfort. Unlike conventional foam, Homecrest's cushions offer exceptional elasticity, providing a superior seating experience.

Cushions are secured to withstand wind and ensure long-lasting performance.

Note: Striped fabrics are not recommended.

*Units are not standalone pieces. We recommend using end units with arms on all modular configurations due to exposed brackets on armless versions.

ELEMENTS AIR

SENSATION SLING | ALUMINUM

The Elements air collection features the appearance and comfort of deep seating in a foam-free, cushionless construction. Luxurious Sensation sling fabric is used for the ultimate in low-maintenance comfort and also features benefits such as exceptional shape retention and surface memory. Homecrest's double layer sling design is extremely comfortable and field replaceable. Elements offers a versatile, stylish, and low-maintenance solution for your outdoor seating needs.

ELEMENTS

SLING + PADDED SLING | ALUMINUM

Uniquely transitional and highly functional, Homecrest's Elements sling collection is an industry favorite. Subtle curves and clean angles combine to create a collection that can be artfully classic or freshly modern, depending on your design sensibilities and your outdoor space. Available in low back, high back, and balcony seating, Elements has the added versatility of complementing a wide range of deep seating styles with ease.

ELEVATE

SLING | ALUMINUM

The Elevate sling collection shows that elegance and strength can go hand in hand. Elevate features defined lines with added weight for resistance against strong winds. Created from custom, solid aluminum, these pieces offer tremendous resistance to wind, salt, sun, and snow. All these features combine to make Elevate sling ideal for hospitality, workplace, rooftop, and balcony environments.

ELEVATE METAL

EXPANDED MESH | ALUMINUM

Our Elevate expanded mesh collection puts a twist on our classic visual designs, while adding features that make it the ideal choice for hospitality, workplace, rooftop, and balcony environments. Crafted with solid aluminum frames for added weight and resistance against strong winds, these pieces have a unique shape that makes both the armed and armless dining chairs fully stackable. In addition, this collection is resistant to salt, sun, snow, and anything else nature can throw at it.

withstand wind and ensure long-lasting performance.

*Units are not standalone pieces. We recommend using end units with arms on all modular configurations due to exposed brackets on armless versions.

▶ SELECT YOUR CUSHION TYPE

Choose from either a DreamCore (XXX-DC) or UltraCore (XXX-UC) cushion with a curved panel design for this collection. DreamCore offers a fuller, softer sit, while UltraCore provides a streamlined look and firmer support. For contract, we recommend the UltraCore cushion.

Note: Striped fabrics are not recommended.

Available in: Cushion

REVIVE AIR

SENSATION SLING | ALUMINUM

The mid-century modern era was a great time to be in furniture design. Decades later, this iconic style is experiencing a renaissance, but with all of the benefits of current technology. The Revive air collection uses our unique Sensation sling material, which offers incredible stretch, memory, and UV resistance, providing the look and feel of a cushion with none of the maintenance.

SURF

ALL-WEATHER POLY | ALUMINUM

The nature-inspired Surf collection combines contemporary design with practical style, making it an ideal choice for high-traffic areas like gardens, parks, and college or corporate campuses. With a powder-coated aluminum frame and curving all-weather poly (HDPE) seat and back, Surf delivers unmatched durability to withstand the elements. Its versatile aesthetic seamlessly complements any outdoor setting, while modular pieces can be configured to meet your space's specific needs. Homecrest's supplied brackets ensure secure attachment of units to one another and to the ground, offering ultimate flexibility and security.

SUTTON

CUSHION | ALUMINUM

Plush, all-weather back and seat cushions, plus strong lines and durable aluminum frames, are just the beginning of the story that describes Homecrest's Sutton cushion collection. Creating an outdoor space is easy with Sutton's bold shapes. Gently sloping backs promote restful lounging while Homecrest's luxurious cushions hug your body with softness and support. From every angle, the innovative design of the Sutton collection strikes a modern pose.

SUTTON

SLING + PADDED SLING | ALUMINUM

The Sutton sling collection offers the refined comfort of Homecrest's signature double layer sling, perfect for al fresco dining or lounging. Sutton's geometric frame design contrasts with the gently curving sling seat to give outdoor spaces a refined, but energizing, aesthetic. The durable all-aluminum frame can be augmented with an add-on Wind Kit to add weight for windy environments.

BEST-IN-CLASS MOTION + COMFORT

Discover the perfect fusion of innovation and comfort with Homecrest Outdoor Living's motion pieces. Powered by our industry-leading swivel rocker mechanisms, each chair offers smooth, effortless movement that enhances relaxation. Choose from ergonomic sling collections with high or low backs that cradle the body, or indulge in our cushion collections featuring ultra-plush, high-resilient comfort. Whether on a patio, deck, or poolside, these motion pieces bring luxury and motion together in perfect harmony.

EXPERIENCE HEAT AND VERSATILITY

Experience the outdoors all year long with Homecrest outdoor tables and fire tables. Outdoor dining and conversation spaces have consistently been a rising trend in outdoor living design. Our gorgeous tables and fire tables provide a stylish focal point that visually transforms any outdoor space, creating a warm, inviting, and functional atmosphere.

CONCRETE FIRE TABLES

NATURAL SERIES | ALUMINUM

This is the perfect top for achieving a modern, industrial look. Our Concrete tops are a part of our Natural Series collection, which brings a sophisticated organic design element to outdoor spaces utilizing the latest in composite technology. Homecrest fire tables offer a powerful burner (up to 65,000 BTUs) and come standard with your choice of fire jewelry, as well as a secure key and black 3/4" aluminum fire burner riser.

AVAILABLE TOP COLORS

INDIVIDUALLY Note: Each top is individually handcrafted and will vary in HANDCRAFTED color. Colors are representations, refer to an actual sample.

FIRE TABLES

Note: Each fire table comes standard with a 12" x 24" rectangular or 20" round 65,000 BTU stainless steel black powder-coated burner, external key valve, match-light ignition, 20 lbs of fire jewelry (select one or two colors), and a black 3/4" fire burner riser. The burner is available as either Liquid Propane (XXX-JLP) or Natural Gas (XXX-JNG)—if one is not selected, the burner will default to the Liquid Propane option. The square and rectangular fire tables feature a 3" straight edge profile and the round fire tables feature a 2" straight edge profile.

EDEN TABLES

ALL-WEATHER POLY | ALUMINUM

Eden's warmly functional design is sparked by Swedish simplicity and flawless craftsmanship. Constructed with all-weather poly (HDPE) materials, Eden is a slatted, teak-inspired top with an aluminum base that is available in all of Homecrest's textured powder-coated finishes. Available in occasional, dining, balcony, and bar heights, the modern appearance of the Eden collection bears the essence of cool sophistication and the welcoming warmth of comfort you expect from your Homecrest outdoor furniture.

PRODUCT FEATURE

Eden's planks feature color consistency throughout the cross section and are manufactured from high-quality recycled HDPE (High Density Polyethylene) to create long-lasting polymer lumber. HDPE is a low-maintenance, environmentally friendly product that features a textured surface that doesn't rot or splinter, doesn't require paint or stain, and is resistant to termites, fungus, salt, and oils.

INTEGRITY TABLES

COMPOSITE MELAMINE | ALUMINUM

Integrity table tops achieve a commercial trifecta, uniting extreme durability, excellent utility, and pleasing aesthetics in a single unit. These tables are impervious to chemical and thermal effects; meet rigorous standards for UV resistance, impact testing, and hygiene; and are a breeze to maintain in any outdoor application. Available in multiple sizes and finish options, Integrity tops can be paired with a variety of Homecrest bases to meet the height, functional, and aesthetic requirements of your project.

Note: For "Top + Base" units, use both model numbers when ordering. For "Complete" units, only one model number is needed. The listed height is the complete table height and may vary by up to 1/4".

ALL-WEATHER POLY | ALUMINUM

Elevate your outdoor dining experience with the Medley collection. Constructed with a powder-coated aluminum frame and durable all-weather poly (HDPE) top, Medley visually resembles natural wood but eliminates the upkeep and maintenance that comes with it. Transform your outdoor space with this sturdy table that combines robust design and practical elegance.

AVAILABLE TOP COLORS

PRODUCT FEATURE

Medley's planks feature color consistency throughout the cross section and are manufactured from high-quality recycled HDPE (High Density Polyethylene) to create long-lasting polymer lumber. HDPE is a low-maintenance, environmentally friendly product that features a textured surface that doesn't rot or splinter, doesn't require paint or stain, and is resistant to termites, fungus, salt, and oils.

MESH TABLES

EXPANDED MESH | ALUMINUM

The expanded mesh outdoor table by Homecrest brings low-maintenance style to your outdoor space. An aluminum mesh top allows water to drain so your table is always ready to enjoy. The aluminum, pedestal-inspired base design allows for maximum leg room. Our mesh tables feature a durable powder-coated finish.

AVAILABLE TOP COLORS + FRAME FINISHES

Note: Use both model numbers when ordering. The listed height is the complete table height and may vary by up to 1/4". Table tops feature a 1.5" edge profile. Table tops with an umbrella hole come with a coordinating smooth metal plug.

*When using the pedestal bases with an umbrella, an umbrella base plate is required. This zinc-plated, solid-steel umbrella base is available in all frame finishes and attaches to the table base. It can also be used to add weight to any pedestal table base. Use the 18" umbrella base plate (23UMBP) with bases 2330B, 2334B, and 2340B. Use the 24" umbrella base plate (33UMBP) with bases 3330B, 3334B, and 3340B. These bases feature adjustable floor glides for leveling.

MODE CLUB TABLES

ALUMINUM

Building on our popular Mode collection, Homecrest's Mode Club is a complementary series of contemporary table tops that are uniquely designed for hospitality applications. Mode Club tables feature clean lines and smooth contours in a variety of shapes and sizes that are specifically selected for outdoor spaces in public places. Like its sister collection, Mode Club tops are available in DuoTone color options. Pair these sophisticated tops with the Homecrest base that appropriately meets the height, functional, and aesthetic requirements of your project.

AVAILABLE TOP COLORS + FRAME FINISHES

Note: For "Top + Base" units, use both model numbers when ordering. For "Complete" units, only one model number is needed. The listed height is the complete table height and may vary by up to 1/4". Table tops with an umbrella hole come with a clear smooth plastic plug.

^{*}When using the pedestal bases with an umbrella, an umbrella base plate is required. This zinc-plated, solid-steel umbrella base is available in all frame finishes and attaches to the table base. It can also be used to add weight to any pedestal table base. Use the 18" umbrella base plate (23UMBP) with bases 2330B, 2334B, and 2340B. Use the 24" umbrella base plate (33UMBP) with bases 3330B, 3334B, and 3340B. These bases feature adjustable floor glides for leveling.

SHADOW ROCK FIRE TABLES

NATURAL SERIES | ALUMINUM

The distinct texture and natural colors of Homecrest's Shadow Rock fire tables complement any outdoor furniture set beautifully. These handcrafted fire table tops feature subtle texture with a natural edge and are able to withstand the test of time and weather, season after season. Homecrest fire tables offer a powerful burner (up to 65,000 BTUs) and come standard with your choice of fire jewelry, as well as a secure key and black 3/4" aluminum fire burner riser.

AVAILABLE TOP COLORS

INDIVIDUALLY Note: Each top is individually handcrafted and will vary in HANDCRAFTED color. Colors are representations, refer to an actual sample.

FIRE TABLES

Note: Each fire table comes standard with a 12" x 24" rectangular or 20" round 65,000 BTU stainless steel black powder-coated burner, external key valve, match-light ignition, 20 lbs of fire jewelry (select one or two colors), and a black 3/4" fire burner riser. The burner is available as either Liquid Propane (XXX-JLP) or Natural Gas (XXX-JNG)—if one is not selected, the burner will default to the Liquid Propane option. The square and rectangular fire tables feature a 3" natural edge profile and the round fire tables feature a 1.5" natural edge profile.

SLATE FIRE TABLES

NATURAL SERIES | ALUMINUM

Rustic yet elegant, Homecrest's handcrafted Slate fire tables are a refreshing addition to any outdoor space. Featuring authentic patterns and subtle textures, these smooth-surface fire tables are cast from natural slate and are available in a variety of colors. Our Slate fire tables are as beautiful as they are durable. Homecrest fire tables offer a powerful burner (up to 65,000 BTUs) and come standard with your choice of fire jewelry, as well as a secure key and black 3/4" aluminum fire burner riser.

AVAILABLE TOP COLORS

INDIVIDUALLY Note: Each top is individually handcrafted and will vary in HANDCRAFTED color. Colors are representations, refer to an actual sample.

FIRE TABLES

Note: Each fire table comes standard with a 12" x 24" rectangular or 20" round 65,000 BTU stainless steel black powder-coated burner, external key valve, match-light ignition, 20 lbs of fire jewelry (select one or two colors), and a black 3/4" fire burner riser. The burner is available as either Liquid Propane (XXX-JLP) or Natural Gas (XXX-JNG)—if one is not selected, the burner will default to the Liquid Propane option. The square and rectangular fire tables feature a 3" natural edge profile and the round fire tables feature a 1.5" natural edge profile.

STONEGATE FIRE TABLES

NATURAL SERIES | ALUMINUM

Stonegate fire tables feature the dramatic beauty of natural rock and a clean, smooth finish to create a versatile design. Combining traditional elements with modern finishes, Stonegate is made for style and durability. These fire tables are on-trend yet timeless and perfect for both residential and commercial applications. Homecrest fire tables offer a powerful burner (up to 65,000 BTUs) and come standard with your choice of fire jewelry, as well as a secure key and black 3/4" aluminum fire burner riser.

AVAILABLE TOP COLORS

INDIVIDUALLY Note: Each top is individually handcrafted and will vary in HANDCRAFTED color. Colors are representations, refer to an actual sample.

FIRE TABLES

Note: Each fire table comes standard with a 12" x 24" rectangular or 20" round 65,000 BTU stainless steel black powder-coated burner, external key valve, match-light ignition, 20 lbs of fire jewelry (select one or two colors), and a black 3/4" fire burner riser. The burner is available as either Liquid Propane (XXX-JLP) or Natural Gas (XXX-JNG)—if one is not selected, the burner will default to the Liquid Propane option. The square and rectangular fire tables feature a 3" straight edge profile and the round fire tables feature a 2" straight edge profile.

TIMBER FIRE TABLES

NATURAL SERIES | ALUMINUM

Individually handcrafted and cast from beautiful reclaimed wood tables, our Timber fire tables look incredibly realistic. Our Timber tops are made with extremely durable materials, allowing them to withstand even the toughest weather conditions. Homecrest fire tables offer a powerful burner (up to 65,000 BTUs) and come standard with your choice of fire jewelry, as well as a secure key and black 3/4" aluminum fire burner riser.

AVAILABLE TOP COLORS

INDIVIDUALLY Note: Each top is individually handcrafted and will vary in HANDCRAFTED color. Colors are representations, refer to an actual sample.

FIRE TABLES

Note: Each fire table comes standard with a 12" x 24" rectangular or 20" round 65,000 BTU stainless steel black powder-coated burner, external key valve, match-light ignition, 20 lbs of fire jewelry (select one or two colors), and a black 3/4" fire burner riser. The burner is available as either Liquid Propane (XXX-JLP) or Natural Gas (XXX-JNG)—if one is not selected, the burner will default to the Liquid Propane option. The square and rectangular fire tables feature a 3" straight edge profile and the round fire tables feature a 1.625" straight edge profile.

EXPERIENCE CHOICE AND STYLE

Decorate any outdoor space like you would indoors with Homecrest outdoor essentials. Go beyond a comfortable seating arrangement and add a coordinating market, cantilever, or giant pulley lift umbrella, or choose from our selection of throw pillows and blankets to complete your outdoor setting.

CRANK LIFT/AUTO TILT MARKET UMBRELLA

This is the ONLY crank lift/auto tilt in the industry designed and warranted for commercial use. Our crank lift/auto tilt market umbrella is engineered to withstand 40 mph sustained winds and works with any Homecrest table with an umbrella hole.

• 316 stainless steel, commercial-grade, 60° tilt crank handle and axle

 1.5" diameter center pole with a 1/8" aluminum wall thickness provides incredible durability

AVAILABLE BASE OPTIONS Note: Umbrella bases are available in all Homecrest frame finishes, except for the premium aluminum base, which is silver mist.

CAST IRON 00091 - 80 lbs H: 20.5" W: 20" D: 20"

For in-table use.

ALUMINUM SHELL
00092 - 30 lbs
H: 6.5" W: 15.5" D: 15.5"
Must fill with sand.
For in-table use.

PREMIUM ALUMINUM BASE (with Wheels) 100A - 100 lbs H: 4" W: 24" D: 24" For freestanding use.

AVAILABLE POLE COLORS

BRUSHED SILVER

Note: This is not an exact match to our Carbon paint finish.

DESERT BRONZE ON

Note: This is not an exact match to our Onyx paint finish.

Note: Umbrella clearance dimensions are measured while not mounted in a base. Depending on the selected base, these clearance measurements will change. All dimensions have a +/-6" tolerance based on the pitch angle of the umbrella rib. This is due to multiple variables: pin placement height, crank tautness, and fabric weight.

Available in: U Umbrella

PULLEY LIFT MARKET UMBRELLA

Our easy glide pulley system is supported by a durable woven cord that allows you to effortlessly open and close the umbrella. All of our pulley lift umbrellas are designed with a hook pin to keep the pulley cord out of reach and out of sight. Our pulley lift market umbrella is engineered to withstand 40 mph sustained winds and works with any Homecrest table with an umbrella hole.

- 1.5" diameter center pole with a 1/8" aluminum wall thickness provides incredible durability
- 1/2" fiberglass ribs and struts for maximum strength and flexibility
- · Smooth and effortless pulley system

AVAILABLE BASE OPTIONS Note: Umbrella bases are available in all Homecrest frame finishes, except for the premium aluminum base, which is silver mist.

SOL UMBRELLA CANTILEVER

Maximize your space with the Sol cantilever umbrella. Sol is manufactured using the industry's best materials and fabric available to provide many years of trouble-free use and enjoyment. Its Infinity Tilt allows you to change positions effortlessly. This modern cantilever is suitable for use in low to moderate wind conditions and ensures hours of protection from the sun and light rain.

- · Crank lift built for commercial use, allowing smooth and effortless operation in any environment
- · Mast and all critical joints are extruded aluminum, ensuring unmatched strength and durability
- · Full 360° rotation combined with the Infinity Tilt provides countless hours of maximum shade
- · Engineered to withstand 25 mph winds; included wind stabilizer kit increases by 5 mph
- · Mounting options include permanent, semi-permanent, and freestanding bases for installation on any surface
- · Stainless steel hardware throughout
- · Black polyester protective cover bag included

TRIUMPH FREESTANDING UMBRELLA GIANT PULLEY LIFT

Triumph is the flagship center post umbrella for all luxury resorts, hotels, and high-end outdoor living spaces. Built with durable, commercial-quality materials, the Triumph giant umbrella offers freestanding maximum shade options on a larger 2" center post. It has three canopy size options to accommodate any outdoor space.

- Smooth and effortless kernmantle rope double pulley system
- A 2" diameter, 3.2 mm thick single-piece aluminum center pole provides incredible strength and durability
- Ergonomically designed, 3/4" diameter fiberglass ribs maintain shape and provide added strength
- High-impact polymer joints help create a durable canopy frame
- Engineered to withstand 35 mph sustained winds
- Mounting options include permanent, semi-permanent, and freestanding bases for installation on any surface
- · Stainless steel hardware throughout

PRODUCT FEATURES

HIGH-IMPACT POLYMER JOINTS

DOUBLE PULLEY SYSTEM

3/4" THICK FIBERGLASS RIBS

Note: Not intended for use with tables featuring umbrella holes. Umbrella clearance dimensions are measured while not mounted in a base. Depending on the selected base, these clearance measurements will change. All dimensions have a +/-6" tolerance based on the pitch angle of the umbrella rib. This is due to multiple variables: pin placement height, crank tautness, and fabric weight.

AVAILABLE BASE OPTIONS

Note: The stackable steel plate bases are galvanized steel, the direct mount stem is stainless steel, the heavy-duty wheel base is brushed silver, and the premium aluminum base is silver mist.

DIRECT MOUNT STEM

18ST2 - 5 lbs H: 18" W: 2" D: 2" Can be mounted to concrete, wood deck, or any stable solid surface. Hardware not included.

HEAVY-DUTY WHEEL BASE

ARU-480 - 94 lbs
H: 11" W: 34" D: 34"
Residential use only,
Pavers not included. Twelve
16" x 16" pavers are needed
to properly weight the base
to 480 lbs.

STACKABLE STEEL PLATE BASE

36G-18ST2 - 150 lbs H: .5" W: 36" D: 36" Can be stacked up to three plates, 2" x 18" stem included.

STACKABLE STEEL PLATE BASE

36G-SQ-18ST2 - 200 lbs H: .5" W: 36" D: 36" Can be stacked up to three plates, 2" x 18" stem included.

PREMIUM ALUMINUM BASE (with Wheels)

150A-18ST2 - 150 lbs
H: 3.5" W: 30" D: 30"
Concrete-filled 2" x 18" stem included

OUTDOOR ACCESSORIES

Take customization one step further with Homecrest outdoor accessories. Bring your fire table to life with glass guards, burner covers, and a variety of fire jewelry options.

FIRE TABLE ACCESSORIES

Note: Fire table covers may vary in color and aesthetics.

44" COVER 005369 H: 21.5" Use ripstop polyester cover with 42" round

45" COVER 005106 H: 25.25" Use ripstop polyester cover with 42" square

54" COVER 005108 H: 25" Use ripstop polyester cover with 48" or 54" round

32" x 52" COVER 006139 H: 22.4" Use ripstop polyester cover with 32" x 52" rectangle

36" x 60" COVER 006138 H: 25" Use ripstop polyester cover with 36" x 60" rectangle

22.5" GLASS GUARD 005561 H: 6.75" Use in windy conditions Use with round burners

006086 H: 5.8" Use in windy conditions Use with rectangular burners

22" BURNER COVER 91004 Smooth aluminum Use with round burners

14" x 26.25" BURNER COVER Smooth aluminum Use with rectangular burners

FIRE JEWELRY

Note: All fire tables come with two 10 lb bags of your choice of one or two colors. When ordering fire jewelry individually (without a fire table), use the six-digit model number. When ordering with a fire table, use the two-digit color code number that is next to the color

FASHION AND FUNCTION

Discover the perfect blend of style, durability, and customization with Homecrest's premium outdoor fabrics and resilient finishes. Choose from a rich palette of colors and textures to personalize your chair, loveseat, sofa, or chaise—creating a look that's uniquely yours.

HOMECREST FABRICS

SLINGABLE + CUSHION + MORE

Without great fabrics, outdoor spaces lack meaning and inspiration. The perfect combination of texture, color, and pattern not only adds beauty, but has the power to invigorate and rejuvenate. Homecrest offers a complete selection of fabric options so you can create a custom outdoor space tailored to your design aesthetic. Our double layer slings provide exceptional support, while our Sensation slings take this double layer design and add a level of unmatched comfort and shape retention. In addition, Homecrest has partnered with several popular fabric vendors to offer cushion fabric options that feature premium performance and durability without sacrificing design.

SEATING OPTIONS LEGEND:

A Air s Sling Ps Padded Sling C Cushion U Umbrella V Vintage Wire w Welt

SEATING OPTION + FABRIC SELECTION GUIDE

- Air | Homecrest air collections feature the appearance and comfort of deep seating in a foam-free, cushionless construction.

 Luxurious and exclusive Sensation sling fabrics are used for the ultimate in low-maintenance comfort and feature benefits such as exceptional shape retention and surface memory. The air sling has a double layer design that is extremely comfortable and field-replaceable. All double layer slings carry a five-year residential and two-year commercial warranty.
- Sling | The Homecrest-pioneered sling is constructed of two layers for unmatched comfort and support. Our durable sling is easily replaceable and available in a variety of outdoor fabrics, including our exclusive Sensation slings. Minimal maintenance and comfortable design continues to make the Homecrest sling a #1 choice from coast to coast. When selecting a Homecrest sling seating option (except for Allure and Elevate), a welt or binding selection is required. Welting will match the frame finish unless an alternate is selected. Slings utilize the same fabric on the front and back for an attractive look. All double layer slings carry a five-year residential and two-year commercial warranty.
- Padded Sling | Our padded sling seating option features a triple layer sling with slight padding for added comfort. This attractive chair with distinctive silhouette stitching gives you not only a comfortable sit, but also a stylish addition to your outdoor space. The padded sling expands your fabric options to outdoor fabrics from suppliers like Sunbrella® and Tempotest®. For the padded sling seating option, select one of these outdoor fabrics for the front and a Homecrest sling fabric for the back. Like the sling seating option, our padded sling requires a welt or binding selection. Welting will match the frame finish unless an alternate is selected.
- **Cushion** | Our durable cushions provide unmatched comfort and weather-resistance in today's fast-paced world, with options including deep seating cushions, dining cushions, removable seat pads, and padded seats. The deep seating cushions are available in plush or firm styles that are tailored to each collection and feature either a curved or box panel design.
- W Welt | Welting or binding will match the frame finish unless an alternate is selected.

HOW TO READ A HOMECREST FABRIC LABEL + MAKE ORDERING EASY

When choosing a fabric for the product selected, seating option coding will confirm the availability. Please indicate the fabric grade and follow the "ordering process" instructions for that fabric.

SENSATION SLING FABRICS

Since 1953, Homecrest has built its reputation on quality, innovation, and comfort. One landmark example of this was our introduction of the Sensation sling in 2002. As pioneers in the elastomeric fabric category, we have more than two decades of experience building Sensation sling furniture; to this day, there is nothing that comes close to the maintenance-free comfort, memory, colorfastness, and longevity of a Homecrest Sensation sling chair.

Sensation slings are constructed using an elastomeric yarn that is woven together with normal PVC sling fibers, creating a material that has amazing stretch characteristics for comfort, and outstanding memory for fabric longevity. If you have never sat in a Sensation sling chair, you really need to—the difference in comfort between a Sensation sling and a standard PVC sling is remarkable. The fabric stretches and moves according to the frame of the person sitting in it, while providing excellent support and comfort.

All of Homecrest's Sensation sling products go through 90,000 cycles of drop-testing without damage. Our testing has also shown that Sensation fabrics promote the structural integrity of the metal frames used in chair construction, as the elastomeric characteristics absorb much of the shock that would normally be borne by the supporting frame.

AGATE II | B

BISQUE | B

As for maintenance, Sensation fabrics just can't be beat. There's no such thing as a 'dry time' after rain—if a Sensation sling product needs to be used immediately after a storm, towel it off and it's ready to go. Likewise, cleaning is a breeze, and the Sensation fabrics' incredible colorfastness makes them look showroom ready, year round.

At Homecrest, we use Sensation fabrics on air products and dining furniture alike. Whether on a single chair or a giant sectional, all Sensation sling products feature our double layer sling technology. Plus, our air collections' unique "cushionless", foam-free construction brings together the very best in comfort, style, and maintenance-free outdoor living.

SLINGABLE FABRICS

Available in: S Sling W Welt

Homecrest sling (S) fabrics can be used on all sling seating collections with the exception of Homecrest air (A) collections. Products that indicate air as a seating option are only available in Homecrest's Sensation slings. Homecrest's double layer sling has both a welted design and non-welted design, signified by the collection. The sling fabric will be the same on the front and the back unless a padded sling is selected.

The padded sling (PS) seating option is only available in acrylic and other fashionable fabrics, also known as cushion (C) fabrics, but require a sling back fabric selection and a welt (W). Look for sling fabrics with the (W) symbol for welting. The welt color will always default to match the frame finish unless an alternate is selected.

SUNBRELLA FABRICS

VERSATILE, TIMELESS, BEST SELLERS.

Homecrest has you covered with our in-stock Sunbrella® fabric program! These best-selling fabrics are versatile, timeless, and sure to simplify the selection process. Available to use with Homecrest cushion and padded sling products, these top selling Sunbrella fabrics easily coordinate with all Homecrest frame finishes.

FRAME FINISHES

All Homecrest outdoor furniture is completely coated with a textured powder-coat finish. Known as an industry leader for our revolutionary paint line, our eco-friendly finishing department uses modern powder-coat frame finish colors on all of our furniture frames, tables, and bases. With Homecrest's experience and technology, your outdoor space will endure the seasons, year after year.

REPLACE. REVIVE. RE-LOVE.

REPLACEMENT SLINGS, CUSHIONS, + PARTS

Whether you're looking for slings, cushions, pillows, paints, or parts, with Homecrest Outdoor Living's exclusive replacement program, you can easily revitalize your existing Homecrest outdoor furniture. Replacements for our outdoor furniture are available for both current and discontinued products. Replacements for many of our classic outdoor furniture collections are still available today, including our vintage wire frame collections.

NEED HELP IDENTIFYING A PRODUCT?

Homecrest has made it easy to determine which collection your product is a part of. Here are three tools to help you with the identification of your product:

The **Catalog Archive**, found at **homecrest.com/catalog-archive**, is an invaluable tool for identifying replacements for resilient Homecrest outdoor furniture by allowing you to look through past catalogs. With the model number identified, use the Model Identification Guide to direct you to the replacement number needed.

The **Model Identification Guide**, found at **homecrest.com/model-identification**, allows you to search (Ctrl+F) by model number, collection name, year of purchase, and product type (i.e. glider, swivel rocker, etc). Once you have found your product, refer to the "Replacement #" column to find the replacement number you need to use when placing an order. **Note:** Replacement arm and floor glides are also listed.

Products manufactured after 1998 have a **manufacturing decal**, which is located on the product's metal frame. On the manufacturing decal, there is a set of digits. The first two digits indicate the week of the year the product was produced, the next set of digits represent the product's model number, and the last two digits are the year the product was produced. With the model number identified, use the Model Identification Guide to direct you to the replacement number needed.

HOW TO IDENTIFY YOUR SLING OR PADDED SLING BASKET

The majority of replacement baskets are low back and high back sling chairs that Homecrest has produced over the years. These chairs utilize four different replacement slings. Here is a quick way to identify replacements needed for these four types of chairs.

· Determine if your chair has an external or internal cross bar and if your chair is a high back sling or a low back sling.

· Select your sling style. Note: A sling replacement tool is included with each order.

HOW TO DETERMINE THE FABRIC YOU NEED

Reference swatch labels or the fabric index in both the catalog and price list to identify fabrics that are available for your type of replacement. You can view an example of the fabric label on page 139.

ASSEMBLY OF REPLACEMENTS

There are several how-to guides and videos available at **homecrest.com/replacements** that will assist you with the assembly of your slings and padded slings.

Need help visualizing these options? Visit the Interactive Design Center at **design.homecrest.com** to create the look that fits your style! **Note:** Colors are representations, please refer to an actual sample.

HOMECREST ON INSTAGRAM

HOMECREST PRODUCT CARE + MAINTENANCE

▲ FABRIC CARE

The life of your outdoor fabric depends on how it is cared for and maintained. It is important to clean your products regularly and as promptly as possible after being exposed to outdoor debris, sprays, and lotions. To help keep your furniture from unnecessary wear, store your cushions indoors or cover them with a breathable furniture cover when not in use.

DO NOT USE SOLVENTS, JANITORIAL CLEANER,
ALCOHOL-BASED CLEANERS/PROTECTANTS, SCOURING
AGENTS, UNDILUTED BLEACH, GASOLINE, OR
AMMONIA-BASED CLEANERS. USING THESE PRODUCTS
MAY CAUSE DISCOLORATION.

Tip: Keep sun lotions and sprays, as well as any oil-based products, away from furniture. Some may contain harsh chemicals and can permanently discolor or damage fabrics. If direct contact occurs, clean promptly.

POLYESTER VINYL COATED (PVC), PVC + ACRYLIC, AND OLEFIN BLENDED FABRICS

To clean, first prepare a simple cleaning solution of 1 tablespoon of liquid dish detergent, 2 tablespoons of household bleach, and 1 gallon of water. Then, clean the fabric using a sponge or soft cloth dipped in the solution. Rinse thoroughly with clean water and allow to air dry. Never use a commercial washer or dryer to clean slings.

100% ACRYLIC AND ACRYLIC/POLYESTER BLENDED FABRICS

Using a mild liquid soap and warm water, spot clean the affected area with a cloth or soft brush. For 100% acrylic fabrics, 1/4 cup of chlorine bleach may be added to 1.5 gallons of the mild soap solution to treat mildew and more aggressive stains. Rinse the item thoroughly, shake to remove excess moisture, and allow to air dry. Placing a cushion on its side will allow the water to drain and the cushion to dry faster. Never use a commercial washer or dryer to clean cushions.

VINYL STRAPS

Using a soft cloth, clean with 2 tablespoons of mild liquid soap mixed with 1 gallon of warm water. Use toothpaste or gentle abrasive to remove scuff marks.

WOVEN PRODUCTS

To clean our woven furniture, use non-abrasive soap or standard household cleaners and gently wipe the surface with a soft cloth.

After cleaning, rinse thoroughly with hose water. Do not use pressure washers, as they may harm the finish.

▲ TABLE TOP CARE

NATURAL SERIES SURFACES

Natural Series surfaces should be cleaned on a regular basis with mild soap and water and a sponge or soft cloth. If necessary, use a mild abrasive cleaner to release any embedded dirt. Rinse thoroughly with clean water.

ALL-WEATHER POLY (HDPE) SURFACES

For general cleaning, simply use a mild dish detergent and water, scrubbing with a soft-bristled brush, and rinse thoroughly.

Regular care and maintenance of your aluminum and steel frames is very important and exceptionally easy. Frequency of care will depend on the amount of use, exposure to the elements, and use conditions.

CLEANING

Wash or spray down the frames with clear water or a mild soap and water solution to remove dust, pollen, chemicals, salt water, dirt, etc. Do not use abrasive cleaners or power washers.

MAINTENANCE

Apply a coat of clear liquid car wax at least once a year to maintain and protect the paint finish.

COASTAL ENVIRONMENTS

Product that is used in a coastal environment may experience additional demands on the surface finish due to the salt air. Prevent oxidation by cleaning away salt residue buildup on a weekly or biweekly basis. Wax the finish quarterly to maintain a strong finish. If regular maintenance is not performed and the finish experiences blistering, the warranty on the finish would be void.

STORAGE

It is best to store furniture indoors or cover them with a breathable furniture cover. If the climate of your area experiences freezing conditions, do not store any product upside down. Moisture can accumulate and freeze in the frames, which can crack, distort, or break the frame tubing.

FRAME TOUCH-UPS

Follow this process if the finish is scratched or chipped. First, sand the affected area lightly with fine steel wool or 400-600 grit sandpaper for better paint adhesion, then wipe it clean. Cover adjacent areas to avoid overspray and, holding the can 8-10 inches away from the area, apply thin coats of paint. Allow ample time to dry between coats. Do not try to cover the area in one coat; this may result in paint running or a change in the surface texture or the gloss of the finish. Paint may be sprayed on a separate surface and applied using a small artist brush, if desired.

If you are working with a finish that consists of multiple colors, you may want to practice on a piece of cardboard or other material first. Apply the base coat first and allow to dry 3-5 minutes. Then, apply light spurts of the top color until the desired look is achieved. If the area becomes too light after the finish has dried, apply a light dusting of the base coat.

If corrosion has occured on steel products, treat the area with Loctite® Extend Rust Neutralizer or Naval Jelly® Rust Dissolver following manufacturer's instructions. Then continue with the touch-up process described above.

Tip: Contact your dealer for touch-up paint. Always store your touch-up paint upside down to avoid the nozzle from becoming plugged.

■ WARRANTY

For products used in a residential setting, frames are warranted for fifteen years, slings are warranted for five years, and cushions are warranted for two years. For products used in a commercial setting, frames are warranted for five years, slings are warranted for two years, and cushions are warranted for one year. Scan the QR code or visit warranty.homecrest.com to view the complete Homecrest warranty.
